PROF. E. EDWIN SHELDON, together with his wife, Ida Maneval Sheldon, has made the Conservatory of Music of Lebanon Valley College what it is today. Thru his work and influence, the course for graduation with diploma has been raised from two years of required theoretical subjects to four years, thus giving the Conservatory students a standing with the college students in all class affairs. He has also secured a faculty action granting to college students the opportunity of taking Harmony, Counterpoint, and History of Music as college electives. In addition to this, he has founded the Men's Glee Club and the Orchestra and has made them permanent organizations.

Prof. Sheldon was born in northern Ohio, near Cleveland, on the country estate of his grandparents. After he had passed the grade schools at Wellington, Ohio, the family moved to McComb, Ohio, where he graduated from High School. Thruout this public school period he studied piano with local teachers, and while yet a High School student organized his first class for piano instruction. One year of teaching in the public schools, while at the same time he taught a class of piano pupils in the evenings, helped him to decide upon music teaching as a profession.

The next two years were spent in the study of piano and literary subjects at Alma College, Alma, Mich., and Baldwin-Wallace College, Berea, Ohio. Four years were then given to study in Oberlin Conservatory of Music. Prof. Sheldon then entered the New England Conservatory of Music, Boston, and was graduated with the Class of 1900, having taken his major work in piano with Dr. J. Albert Jeffery, and Counterpoint and Composition with Dr. George W. Chadwick. The following year he remained in Boston, doing post-graduate work. During this time he also served as organist and choir-director in an Episcopal church in South Boston.

In 1902 a place was given him on the faculty of the Toledo Conservatory. After one year he resigned and accepted the position of Musical Director of the Conservatory of Music at Susquehanna University. There he remained seven years, and then came to Lebanon Valley in a similar capacity. Since that time he has continued to be our own Musical Director.

The summer of 1907 Prof. Sheldon spent in New York city in study with private teachers; during that of 1918 he attended Cornell University's six-week term; and the past summer, that of 1919, found him taking similar work in New York University.

Prof. Sheldon's exemplary character has exerted a profound influence on all those who have come in touch with him. The Glee Club men especially owe much to him. The fruits of his work as a teacher of music are known and praised both near and far. His life is proving to be of more than usual value in the progress of man.

The Class of 1921 dedicates this volume of the
"Quittapahilla" in grateful recognition of
his unselfish devotion to the cause
of Lebanon Valley.

The term of 1919-1920 at L. V. has been filled with many events; and to record all that has taken place would require a volume several times the size of this, the 1921 Quittapahilla. But our ambitions have been severely limited by the all-pervading high prices. Nevertheless we have done what we could to make this book reflect the spirit of life at Lebanon Valley.

As you scan the pages herein contained, kind reader, you may find some things which will not please you. In that case we ask you to remember that the brunt of the task in compiling college annuals has always fallen, and always will fall to the lot of a few. But if aught you find that seems good to you, we shall feel that our efforts have been amply repaid.

With the hope that this volume will prove a source of pleasure to you, both now and in the years to come, we present to you the

Lebanon Valley College has always stood for the fullest and most symmetrical development of young men and women in body, mind and soul.

College students constitute a select class with special opportunities, but certainly with greatly increased possibilities.

Efficiency is demanded in every sphere of action in church, in state, in business, in politics. Those who are best trained for service can enter when the doors of opportunity fly open. Others must stand by and take what is left.

The increased endowment fund, now reaching beyond the \$400,000 mark will prove a tremendous help in the future development of the school, in building up a larger student body, and in making possible a college course to many who could not without its help attend.

We bid God-speed to all lovers of truth and seekers after knowledge, knowing that they will be constructive citizens, and leaders among men in these and succeeding days when individual, national, and world problems must be solved.

If every student proves true to his opportunities today, he will surely be counted with the wise and successful tomorrow.

Senior Class History

FOUR years ago, Sept. 20, 1916, marked the entrance of the class of 1920 into the history of Lebanon Valley. Three score earnest young people appeared eager to take their part in the round of intellectual and social activities provided by our Alma Mater.

One of the first noteworthy deeds we accomplished was the winning of the scraps with the Sophomores. Altho we lost the Tug-of-war, we accepted defeat gracefully and showed by later activities that our spirits could not be conquered by this small defeat. The event of the year, which we most happily recall, was the assemblage at the Hotel Brunswick, Lancaster, where general mirth and happiness reigned.

In the fall of 1917 we returned, depleted in numbers, many having answered the call to service either in the home or in the business world. But by reason of our experience we were able to win the scraps, the interclass football game, and the tug-of-war with the marvelous score of 6-0. As Sophomores we instituted a new event in the annals of L. V.—a joint hike with the Freshmen from which we all returned with good spirits.

In our Junior year we found ourselves at a military school, with everything conducted according to signals. Some of our numbers were called into actual service; and we feel proud that two of the heroes who made the supreme sacrifice were members of the class of 1920. Our Junior play, "Her Own House," met with approval by all who witnessed it.

As we entered upon our Senior year, we gladly welcomed into our class some members of former classes who had helped in the winning of the World War, and who were now returning to the preparation for their life's work. And now as the days of our Senior year are passing so quickly, we fondly look back upon the store of memories that we have of our college days, hoping that as we take our place in the world, we may be faithful to our dear old Alma Mater.

Junior Class History

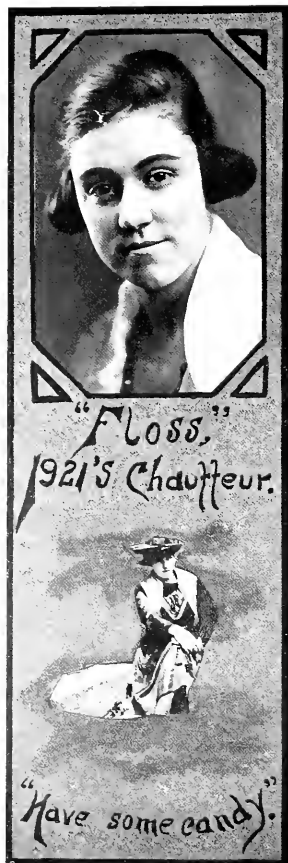

T WAS a memorable day in the history of Lebanon Valley when the class of 1921 first made its appearance among these classic halls. Was ever a Freshman class so full of "pep"? The Sophomores saw at a glance that they were confronted with a dangerous rival.

Since the specialty of our boys was brains rather than brawn, we conceded to the Sophomores the pleasure of winning the class scrap, the tug-of-war, and the football game. But tho their heads swelled unduly over the victories they had a surprise waiting for them when the basketball and baseball seasons came; for they had to yield the palms to the humble Freshies. And did the girls' team share in the basketball victory? Rather! We simply had to teach the Sophomore girls the game; and we began the instruction by defeating them just to show them how it is done.

When we returned to L. V. in the fall of '18, it was to find the campus transformed into a military field. Class activities were dispersed with for the time; and in the mass of khaki-clad figures that swept over the campus daily in orderly array, one might recognize neither Freshman, Sophomore, Junior, or Senior. However, class spirit, tho subordinated to national spirit, was not dead, as was made evident when after all the disbanding of the S. A. T. C., the usual activities were resumed. In basketball our boys established a record of which we may well be proud; for at the end of an active season, they could boast of having known no defeat ever since they had begun as Freshmen. Near the end of our Sophomore year we decided that since we had patriotically renounced our Freshman banquet for the sake of conserving food, we might well indulge in such a festivity now. Accordingly, on the evening of May 23rd, we wended our way toward Reading, and at the Hotel Berkshire fittingly celebrated our class achievements.

Once more the return of autumn days brought back to L. V. her beloved child, Twenty-one. Leaving behind the care-free frolics of underclassmen yet retaining the same blithe spirit, we came back to take up the duties and responsibilities that awaited us as Juniors. Our class received an increase in members; for some young men who had been members of former classes and who had answered our country's call, had returned to cast their lot with the class of '21.

And now our race is halfway run; and we are pressing onward toward the goal. But we hope that as long as we linger amid these pleasant scenes, and after we shall have gone out into the broader spheres of life, the class of 1921 may be an honor to our beloved Alma Mater.

FLORENCE ALWINE

"Give thy thoughts no tongue."

Florence is a graduate of the Hershey High School. No doubt it was there that she acquired her fondness for chocolate candy as well as her favorite phrase, "Have some candy."

To those who are not intimately acquainted with "Floss" she may seem very quiet and demure; but if you would know the truth of the matter, ask her room-mate. Her generosity and good nature have gained for her many friends. Her interests, indeed, are varied to an extraordinary degree. In a handsome Hudson Super-six or mayhap in even a Ford does she travel from place to place. She can handle either with a skill quite rare among the members of her sex.

But she does not spend all her time in pleasure. "Floss" devotes considerable attention to study, especially to History and Teacher-Training. What-e'r will be her pursuit in life, we wish her success.

"My mind to me a kingdom is."

To Ethel belongs the honor of being the most diligent and conscientious as well as one of the most brilliant of '21's students. Her efforts are directed chiefly toward scientific investigation, and her specialty is Biology. In fact, most of her time is spent in the laboratory at her favorite pastime—dissecting chick embryos. Her exceptional ability in Math. causes many of the less fortunate to seek room 29 to take advantage of her generous assistance in this difficult subject. Not only with instruction is she generous, but also with eats; and it is no unusual thing to see a crowd of gay lassies enjoying her hospitality.

Even with all her scholastic pursuits this industrious maiden finds time for an extensive correspondence course in Campusology. It is certain that Ethel will someday become a great scientist; but we shall not be disappointed if she chooses the department of Domestic Science.

"O man of silent mood."

When the trumpet of peace sounded thruout the world on the 11th of November, 1918, Corp. Harry Blauch, 20th Field Artillery, A. E. F., a battle-scarred veteran of the World War and a native of Annville, Pa., forsook his companions-in-arms after two and a half years of hard service and joined forces with the class of '21 at L. V.

"Blauchy" is a quiet, unassuming chap, always attending to his own business. He is a thoro and conscientious student and loves to delve into the mysteries of Constitutional Law and Biology. But he has failed absolutely in Campusology. Nevertheless he is often heard whistling the tune: "My Bonnie (Fraulein) lies over the Ocean."

His greatest ambition is to become owner of the P. & R. railroad; and we are more than sure that he can do it. Here's luck to you, Harry.

HONORS—Ex-Member of '19. Class: Tug-of-War (1, 2); Football (1, 2).

*"Here comes Ida
With the light-brown eyes,
In whose starry depths
Much laughter lies."*

Ida belies all impressions of the well-known student type—the weary one who pores over her books all day in order to make perfect recitations; for, as Ida studies, her personality becomes brighter as her recitations become more perfect. A sure proof of her scholarship is the manner in which she filled her position as Associate Editor of our Quittie Staff.

Sunny and generous describe her disposition; for none of us can claim a sunnier smile or a more generous heart. Everyone who knows her loves her. We are sure that, as a teacher, she will win her pupils as she has won her friends.

"Men" apparently don't bother "Bommie" very much. But we know that when "Prince Charming" comes, he will find plenty of sunshine to brighten his life.

*"When pleasure and duty clash—let duty
go to smash."*

That's "Joe's" motto, especially if there is a dance or moonlight walk at stake. But don't think she does not study, for if you ever heard someone in North Hall raving as if in distress—that's "Joe" practicing Oratory.

"Joe" upholds the social standard of the class, and is popular all around. Class affairs are incomplete without her. The boys attribute half their success in athletics to "Joe's" cheering.

Making fudge is her favorite pastime. Her specialty is keeping the "Jigger Board" supplied with work. Her strongest desire is to use big words; but sometimes she gets hopelessly floundered. Visits to State used to be essential to "Joe's" happiness; but now a dose of local "Bromo" Seltzer is sufficient. Her aim is someday to graduate from the Emerson School of Oratory.

May you realize your aim, "Joe"; but if perchance Cupid blocks your way, some man will be the happier for it.

An April day with splashes of sunshine, dashes of rain and whiffs of fresh spring breezes, embodies no greater variety of elements than does this little lass of curly hair. Occasionally, when in a serious mood, Mary would impress one with her deep, philosophic air as a second Socrates. But more often she is as care-free and irresponsible as a Wil-o-the-wisp. We never know in what mood to expect her. The only thing we can be sure of is that she will do or say the most unexpected thing.

Among Mary's accomplishments, one deserving of special notice is her musical talent. She often entertains us by her touching rendition of her famous song, "Found—A Peanut"; but her favorite is "O Love that wilt not let me go," especially as a parting hymn.

We are all very fond of our frank-hearted "Mary Betts"; and we know that whatever corner of the world she chooses to inhabit will be the brighter for her presence.

"Laugh and grow fat."

"Mose" hails from the little burg of Duncannon. He was a very pretty baby, and he has grown up to be a handsome young man. He came to L. It was after his return to the U. S. that he finally joined '21.

"Mose's" unfailing good humor makes him welcome wherever he goes. As a student he has high aspirations—to pass Education I. In the social world it is whispered that some young lady has fallen a victim to his charms. If he possess any weakness, it is his fondness for good eats.

We all love "Mose" on account of his happy and sincere Christian life. May God's richest blessings rest upon him in his future work as a foreign missionary.

"Better to be despised for too anxious apprehensions, than ruined by too confident a security."

One glance at the name, and you have the chief characteristic of Olive in a nut shell; for a real, true "Darling" is she. She has brought all the winsomeness, beauty, and innocence of a freshly plucked wild rose of Chandlers Valley.

She is a star of the first magnitude shining most brilliantly within the latitude and longitude of English. Tho she is very modest about her work, her rare literary ability bursts forth in her delightful short stories and poetical productions. She is deeply interested in Horace and Livy, and in her most ambitious moments has dedicated odes to these worthies. All literary masters have vivid imaginations and dreamy dispositions, and Olive is no exception to this rule. Often one can see "Dolly's" mind taking long flights of fancy, which may be attributed to her Latin masters or to the master of her future.

We have no fear about Olive's future; for it is certain that success will crown her worthy efforts.

The class of '21 can claim one man at least who represents us in all phases of college activity; and that is none other than our own blue-eyed wit, commonly known as "Doc." Some day he will be a real "Doc," Ph. D. for instance.

As an exceptional student, a competent athlete, especially in baseball, a Glee Club man, an editor, a business manager, an orator, or in any capacity whatsoever, "Doc" has given copious evidence of his Grecian-like versatility. His many abilities have been pressed into service; and Carroll is a very busy man indeed. But he manages somehow to give proper attention to social affairs, and already several fair co-eds (lucky damsels!) have had the pleasure of his company.

"Rip" was born and raised in Highspire, famous for its whiskey and mosquitoes. He spent his boyhood days in blowing bubbles and stealing apples. At a very tender age he graduated from the Highspire High School with honors. After two years of earnest reflection and hard work he came to L. V., and joined the class of '21.

Like Hannibal of old, he is a man of action rather than words. It is this very thing which makes him popular with the fair sex, tho he seldom succumbs to their charms. He takes an active part in all college activities, and is a splendid example of the three-sided man. He has a desire to enter physical training work; and some day he may be teaching the natives of Africa how to take care of their bodies.

After completing his common school education he attended Conway Hall Academy for two years, and then came to L. V. in the fall of '17.

He is a diligent student in all branches, but ranks exceptionally high in Campusology. He takes part in all phases of college life. "Ben" finds his chief interest, however, in the music department.

The manufacture of "flours" (flow-ers) appeals to this tall and handsome lad; and it is rumored that he may take a "miller" into partnership in the business. Step lively, here comes the boss! He came to us from the wild and woolly mountains of Center County. With a cheerful grin, a helping hand, and a clear-cut sincere manner, he has from the first won his way into the hearts of all of us—one brown-eyed lass in particular.

"O. J." is a student, without doubt, but a grind by no means. Nevertheless he has a majority of A's to his credit. In music, too, he shines. One time he's caught sawing away on a violin, the next time he'll be blowing hard into a clarinet, and yet again 'tis a voice lesson. Prof. Sheldon would declare his Glee Club a failure without this first tenor.

At present the few spare hours that this lad snatches from his work he spends in riding his latest hobby—wireless. In spite of his many activities, "O. A cheery smile has this buxom lass for everyone she meets; and underneath her shy bashful exterior there beats a heart as true and as full of love as may be found anywhere.

"Glad" is a favorite with the boys not only because of her wonderful ability in basketball, but because, when once known, she is a wonderful chum. There has been no time since she began attending Lebanon Valley but what some gallant was ready, yes, eager, to do her bidding.

Not much is known about her ambitions; but from the way that she studies and learns she is preparing herself for some great work. The prevalent opinion is that this will surely be the noble position of mistress of her own home.

She is always calling for "Moore," goals or scores, evidently; but we suspect that the lassie puts another significance into this call.

Sara is a girl of many accomplishments, such as writing, reading, and talking; but the greatest of these is talking. "Seg" is fond of tennis and basketball; and how we like to watch the expression on her face as she plays! At times her vigor and "pep" reach the "rough-neck" stage.

"How oft we see the greatest genius buried in obscurity."

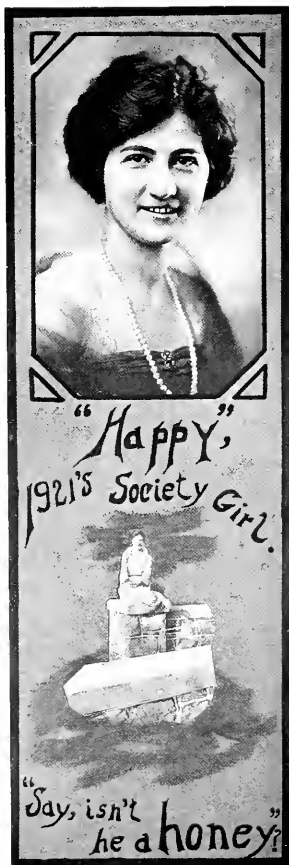

"Rabbit," a genuine specimen of a Pennsylvania Dutchman, was born in Mt. Aetna. While on the farm, he spent his time chasing chickens around the barnyard; and those who are best acquainted with him say he hasn't stopped yet, tho he no longer limits his operations to the barnyard.

Since he came to L. However, "Rabbit" is a student when he isn't going to Lebanon or doing something else. At present he is specializing in Italian and German. It is due to this that his life work is undecided, because he does not know which language to make use of.

"Happy," "Tina Dear," "Chris," to all these names answers our society belle, who somehow makes her way into the hearts of all of us time and eternity, as many a broken heart can testify. This maiden has a sweet, charming, shy (?) way about her. No matter how "pepless" or lazy she may feel, she is always ready to cuddle down to a chat or to do one a favor.

"Chris" is an unusually good student—but when mail-time comes, books and all other things are forgotten. Indeed, going for the mail is her favorite exercise. There is always something in her box, generally from State, where she used to go to school.

"Tina Dear's" great ambition is to get into a musical comedy. But alas! The Fates foretell that e'er long she will be the proud mistress of a "Happy" home.

Φ Α Ψ

"Knowledge is the wing wherewith we fly to heaven."

This dignified-looking piece of humanity hails from Highspire, the town of "pure rye." His early life was filled with many narrow escapes because of his love for playing tricks. But in due time he saw the need of reform, not only in himself, but also in his fellow men. Thereupon he decided to become a missionary.

"Ted" entered L. V. with the class of '19; but after two years of service in the army, he cast his lot with '21. "Ted" devotes a great deal of time to research work, both indoors and out; and in his investigations he always prefers to have a living specimen, or perhaps "speciwoman" would be more nearly the right term. He is an active participant in all school activities, especially those pertaining to religion.

We are glad to number him with '21; and wish him success as he goes to Africa to help the heathen as he has helped us.

*"Is there a heart that Music cannot melt?
Alas! How is that rugged heart forlorn."*

Heiss, as he is generally called, came to L. V. in the fall of '17 along with the most of us. He meandered here from the town of York Haven, but when his parents moved to Shermansdale, the wood-splitting region of Perry County, Heiss decided to become a forester. Even here at school we find him paying bi-weekly visits to the "Woods."

Since entering college he has proven himself to be an ardent seeker of knowledge. He is unusually proficient in Chemistry. However, Latin, French, and Greek are his treasured (?) subjects, with which he spends his spare time. But the spare time of this musician is extremely limited. His skill in handling the violin and the trombone have caused him to be in demand nearly all the time.

We predict for him in the near future a successful, even tho married, life, teaching his children to be true "Wood"men. The best wishes of '21 go with him in all his efforts.

"Adversity's sweet milk—Philosophy."

We are not altogether sure, but we know there was some kind of a celebration here when it was learned that "Hessie" was coming to L. V. C. Indeed, he has lived up to all expectations, nay, even exceeded them in the minds of some.

In the classroom, in athletics, and in social activities, Harold's serious application to "duty" has earned him prominence and gained the desired end. On the other hand, his inclination to take things easily as they come has tided him over many a crisis.

Middletown claims "Hessie" as her own; and his proximity to the great aviation plant at that place may be responsible for his occasional flights of fancy. This year, especially, has he been known as L. V.'s "Stern" man. However, we are confident that this trait of disposition will but aid "Hessie" in attaining the success in future life that is assuredly in store for him.

"Bobbie" claims the distinction of being our Maryland representative. He entered our halls as a Junior, having "prepped" at St. John's College.

We know and regard "Hawson" for his athletic ability and his good fellowship. The Blue Ridge Nine was below his standard; so his next choice was our own college nine. Socially, "Bob" is a "bear," always the center of attraction and amusement; and he never fails to command our attention and interest. Neither does he ever fail to "Bett" on two pair. One thing "Bob" will leave behind him as a monument to his presence at L. V. is his big, hearty laugh.

We wish him success at Harvard and later at the bar; but won't this look queer on a shingle somewhere in Baltimore

"I own that nothing like Good cheer succeeds—"

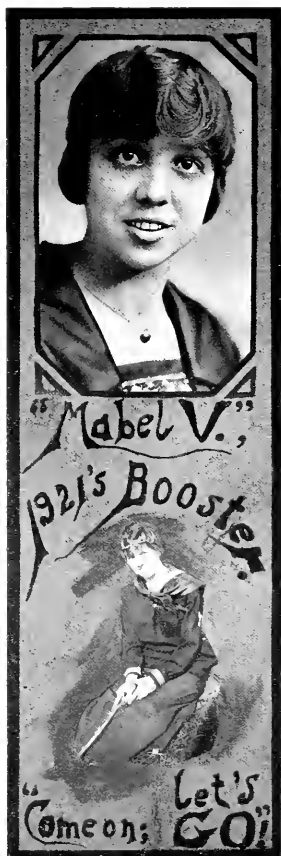

This demure little maiden has not much to say; but the Town of Iron Nerve, otherwise known as Lebanon, claims her as one of its best citizens. Esther seems to be one of our quietest, yet best-beloved classmates. But get her started, and no one can be merrier or a better fun-maker than she. She studies— Oh yes, indeed, as her standing in all her classes will show. But studying is not her only pursuit. She loves nothing more than to read; any spare moment will find her in the library.

"Frenchy," as she is called by many, is a girl of many talents, the most noted being that of the vocal talent. She just loves to use her sweet voice in song even if she does have to be coaxed somewhat. She loves outdoor life withal. But woe to those who expect a call from her in icy weather; for disappointment will be theirs.

Esther has already planned her life work to be that of a university professor. We wish her grand success—at least for a time.

Dignity is the one word most expressive of Mabel's character. Yet she is merry and frolicsome withal; and finds her chief joy in the making of friendships. A hard worker is this tall and stately lass in all phases of college activity. She carries far more hours of class-room work than the average student, and can assert claim to a majority of B's. Her main study is Campusology, to which she devotes diligently all the hours prescribed for that subject.

Mabel's aim in life is to attain unto the royal degree of MRS. For this she is most excellently fitted; and some day, not far away, let us hope, she will be a loyal, loving wife and mother.

"They crouch'd to him, for he had Skill."

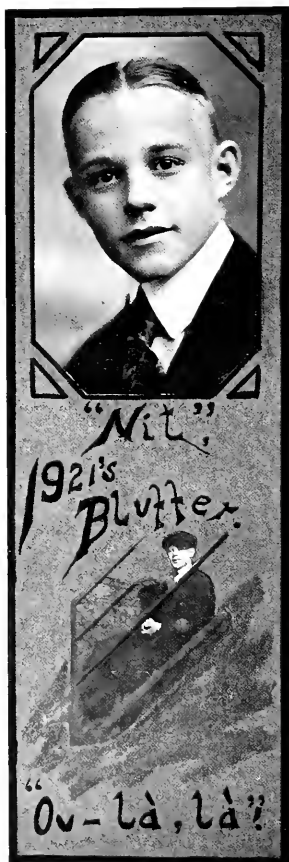

"Giggs" comes not from the Lebanon of Biblical fame, but the county seat of Lebanon County. From his early Freshman days he has had many admirers, and not all male ones at that. A student of the first water, he has brought joy to the hearts of the professors. His forte is History, especially the History of Education.

Guy has proven himself to be an extraordinary success upon the gridiron, diamond, and the basketball floor. He has also been one of the mainstays of the class teams, most notably in tennis. He has never shown the slightest lack of nerve, and gives his all to sport. His social activities, however, have been neglected; for a fair Lebanonite threw her spell upon him while he was yet a child. Yet he has never lacked for a variety of admiring friends among the fair sex.

It has been rumored that "Giggs" will delve into the mysteries of Black-will delve into the mysteries of Black-spent at L. V. We wish him the utmost success in his vocation.

We "hope to tell you" that "Nit" is giving that Historical-Political course a grand punishing, and that he is rather a "shine"ing light in the eyes of his instructors. The athletic side of this young man is also by no means undeveloped; and we firmly support him in the belief that he will soon be wearing Varsity togs.

But it is along social lines that "Nit" makes his best grades. Altho not exactly a "ladies' man," his charming personality has gained for him many a conquest over hearts feminine.

"Birdie" flew into our nest last year. From the first he has been a puzzle to most of us, but we all like him and are very glad the cold north winds blew him south from State.

"Birdie" says what he thinks, but his perpetual and cheerful smile takes away the sting. He cusses a bit and would rather smoke his corn cob pipe and chat than study. His excuse for his faults is, "Remember the 1%". He has been proud of his reputation as a woman hater. However, "man proposes but—Oh, well, what's the use."

We sometimes wonder what lies under his gruff exterior. His friends tell us that he is a diamond in the rough. His election as football captain may be taken as ample proof of this.

What his future career will be is a mystery. Whatever it is, 'twill be a success. Good luck to you, "Birdie," and may some day find you happily feathering your own little nest.

Mary's devotion to scholastic pursuits is shown by the fact that she is the only girl of '21 who deems advanced Greek necessary for life. However her aptitude for studies is well shown in all the departments.

At first sight Mary appears as a very shy little lass. But one learns by experience with her of her numerous tricks and pranks. Be that as it may, our irritation over her frolic is soon allayed by her good nature and affectionate manner.

A well-credited rumor has it that a certain dark-haired lad in York has fallen victim to her charms. Some day we expect the light of their love to help illuminate the dark continent of Africa.

He does not tell his father when we have a "day off." Oh, no! That would never do. Instead he comes in to visit room No. 6, rather than stay out on the farm and help to plow. However, he likes all his studies, though his favorite is Physics. We predict that some day he will become a great Physicist.

"Spess" is sincerity personified. He takes life seriously, but his merry ringing laugh wins friends for him wherever he goes. Especially does he appeal to the hearts of the maidens. History has no record of a time when O. T. Spessard was without a girl.

As for studies, he is anything but a grind. However, he always manages to get there just the same, and generally comes out near the top. What his life work is going to be no one knows, not even himself. Since his Freshman year "Russ" has proved himself to be a loyal friend to his Alma Mater and classmates, always ready to help others. He is a versatile athlete excelling on the gridiron and proving himself capable of coining honors in the gymnasium.

In spite of his interest in athletics he never neglects his studies. His unceasing search for scientific ideas is continually manifested in the class-room, especially in chemistry.

Margaret is a minister's daughter; but the usual faults and virtues of that class cannot be laid at her door. She enters heartily into all activities of class and has no sympathy for those who do not. She takes no meager place in scholarship either. "It's only Platonic friendship"—that's her explanation of her affairs with the opposite sex, tho we know of at least one or two that were perhaps really serious.

By way of avocation, "Schniggle" is an expert trapper. If you would know more of his merit along this line, ask him what became of the pelts the "Student Trappers" got when they were trapping at Valley Glen during the Christmas Holidays. Tho a true student, he neglects Campusology. But why should he study it, when there is a certain little Esther who lives only a short distance from town?

Ree! Rah! Ree! Rah! Ree! Rah! Ruh!
We are the class of the Red and Blue!
Rickety, Rackety! Rickety, Roo!
Lebanon Valley, Twenty-two!

Sophomore Class History

N a beautiful September day, when dying summer had painted a golden hue on all of Nature's trees, a band of classmates, who had weathered the severe storms of the first year trooped up the old campus paths in anticipation of the glad greetings of old pals. Yes, we were now Sophomores, looking back to that first year with the pride of achievement.

On Wednesday morning, Sept. 17, after the first chapel exercises, a dozen of '22's brave defenders gathered on the campus and met the onrush of the Freshman host. The scrap was on! We lost, but honorably so. Tho outnumbered more than two to one, we were forced to a defeat in bodily strength, but not in spirit. When at last we jumped from the ground with shirts torn and breeches in rags, we had that same ginger and pep which was bound to bring us victory and success.

On a bleak mid-October day the Quittie was the silent witness to a hard-fought struggle. Muscles taut, eyes set, jaws closed, we awaited the crack of the pistol. Tho losing the first pull, we fought our way to success in the second. And with the same spirit we won the third and final tug after a long, grinding pull. What a day of rejoicing for Sophdom.

It was a cold, clear December day. Twenty-two stalwart gridiron warriors stood upon the field, keyed for action. And what a wonderful fight it was! But the same old Sophomore spirit predominated; and when the final whistle blew, our eleven mud-besmudged heroes stalked off the field with the Freshman bacon to the tune of 7-0.

After Christmas vacation, the boys of '22 held a little informal affair the night of January 5th in the Moose Hall, Lebanon for their faithful lassies, to show in a measure the gratitude due them for their spirit and loyal devotion.

Before a crowded gallery on the night of Feb. 19th we met the Freshmen in the annual basketball scrap. Our men fought hard to the end; but, tired from a four-day Glee Club trip, they had to finally accord the laurels to the Freshman squad. The defeat only served to kindle our determinations to a higher degree; we have turned it into a stepping stone to our ultimate success.

Whatever of glory, whatever of praise may come to the class of '22, it is our only desire that this glory, this praise be heaped upon the school of our choice, Lebanon Valley College, the dearest of all Alma Maters.

Freshman Class History

TTIES, towns, and villages thruout Central and Eastern Pennsylvania and bordering territory were represented in a motley group of lads and lasses who timidly gathered on the campus after the opening exercises on the morning of September 17. But fifteen minutes later a clean-cut 10-to-0 victory over the Sophomores had converted the variegation and united the newcomers under a single standard.

Having ascertained their superiority in the first mix-up with their immediate scholastic peers, the Freshmen had no fears for the success of future class events. Accordingly they were grandly successful in their first two social events, a hike to the Water Works on the evening of September 22, and a corn roast on the farm of Miss Kathryn Long, a member of the class, on the evening of September 30. The hike was without Sophomore molestation, altho Jupiter Pluvius did mar the evening somewhat. A fruitless attempt was made to prevent the corn roast, but locked doors and fists proved no bar to the undaunted members of 1923.

The class met its first reverse on October 15, when the Sophs out-pulled them in the Tug of War. Owing to the fact that the majority of its heavy men were football candidates, the Freshman team was light and unable to withstand the tugging of their heavier opponents. Even at that they won the first pull and fought bravely in the last two. It was only thru a misunderstanding as to the number of downs that the Sophs were able to get the lead in the football game and thus win the struggle. Despite this defeat, the class that evening hastily arranged and carried out a party at the home of Miss Elizabeth Kreider.

The big event of the year for 1923 was its banquet, staged in one of the beautiful banquet rooms of the Penn-Harris Hotel in Harrisburg on the evening of January 5. Altho the Sophomores were fully aware of the time and place of the event, they remembered their previous treatment at the hands of the lower classmen, and politely refrained from troubling the class on this occasion. They even went so far as to send a telegram of congratulations. With Prof. and Mrs. Beatty as chaperones and George Hohl as toastmaster, the evening was very pleasantly spent. The truck ride back to Annville was also enjoyed.

On February 19 the Class of '23 paid for its defeats in the Tug of War and Football by winning the annual Basketball game with a score of 42 to 32. It was in this game that the Freshmen for the first time exhibited their numerals, which for the next three years will hold a conspicuous place at L. V. C., and whose wearers will thereafter never fail to sing the praise of their beloved Alma Mater.

PAUL F. STRICKLER
Athletic Coach

In Coach Strickler Lebanon Valley obtained a man in whom are combined the qualifications of knowledge and leadership necessary to direct her sons to the heights of athletic glory. These requisites were acquired during his course at L. V. and put into practice in positions of coach at Lebanon High School and the High School at Streator, Ill. Coach was one of the first to enlist in his country's service; needless to say he distinguished himself. It was with great satisfaction that we learned of his coming here. Indeed, he has exceeded our expectations. With but few of the old men back, Coach has developed fine teams and instilled in them the old fighting spirit that conquers against overwhelming odds. We are justly proud of Coach Strickler's accomplishments.

Review of the Season

HE prospects at the opening of the school year for a football team, such as would uphold the enviable reputation made by former Lebanon Valley elevens, were not very encouraging. Almost all of the 1917 varsity had graduated or entered the service. Laboring under these and other difficulties, Coach Strickler and Captain Fishburn succeeded in developing a team out of the green material with two members of the 1917 varsity and several of last year's informal S. A. T. C. team as a nucleus, an eleven that more than held its own with colleges our own size, and showed the same fighting spirit in contests with much larger institutions.

The first game was with Villanova at Lebanon. L. V. C. had conquered these old rivals for three successive years and was determined to repeat this action. Against a much heavier and more experienced team, however, our own warriors were enabled to come off with a well-earned draw. The score was 0-0.

The following Saturday saw Coach Strickler and his band of hopeful proteges off for Allentown. Their hopes were not realized; for we were beaten, 31 to 0, by the big Muhlenburg eleven. Early season faults were still in evidence, althto our men fought every inch of the way. A week later our team struck its stride. We met Susquehanna at Lebanon. After strenuous argument concerning the eligibility of their fullback, Swope, who had played his four years of college football, we finally consented and went into the game, displaying such fight as was never before seen. Three times our men held for downs on the one-yard line. In the fourth period Behman broke thru the line, blocked an attempted drop-kick, snatched up the pig-skin, and ran eighty-five yards before being downed on the five-yard line. We lacked the necessary punch to score, however, and the game ended in a scoreless tie.

On Thursday of the following week, the squad journeyed to Clarksburg, W. Va. There W. Va. Wesleyan managed, by means fair or foul, to send our crippled team home with the short end of 67 to 0 score.

The fifth game was played at Baltimore with John Hopkins University. Our boys put up a splendid battle midst downpour of rain. The first half ended 6 to 6; but in the last period, John Hopkins scored twice. As in the preceeding game, injuries prevented our team from displaying its full strength.

We played our next game in the back woods where Mt. St. Mary's college is located. We do not like to hide behind alibis; but our opponents surely took advantage of the above fact. In spite of the fact that we made sixteen first downs to their three, we were penalized 120 yards at critical times; and our opponents and the referee managed to kick a field goal in the last thirty seconds of play. The score, then, was 3 to 0.

But the following Saturday the big game of the season was played—the game in which our old rivals, Albright, were overwhelmingly beaten, and previous defeats atoned for. Against our varied and brilliant offense Albright was helpless; and on the defense our warriors were impregnable. The whole team played their best game of the year, Homan's work against his former Alma Mater standing out. After Albright had succeeded in forward-passing the ball to the second-yard line, Homan scooped up a fumble and raced 98 yards, making the total score forty-eight. Captain Fishburn and Behman shone on the defense.

Our schedule closed with a game at Newark, Del., with Delaware College. A score was made possible in the first quarter on a line plunge by Behman. After that, injuries weakened us—Delaware came back strong, and managed to defeat us, 20 to 7.

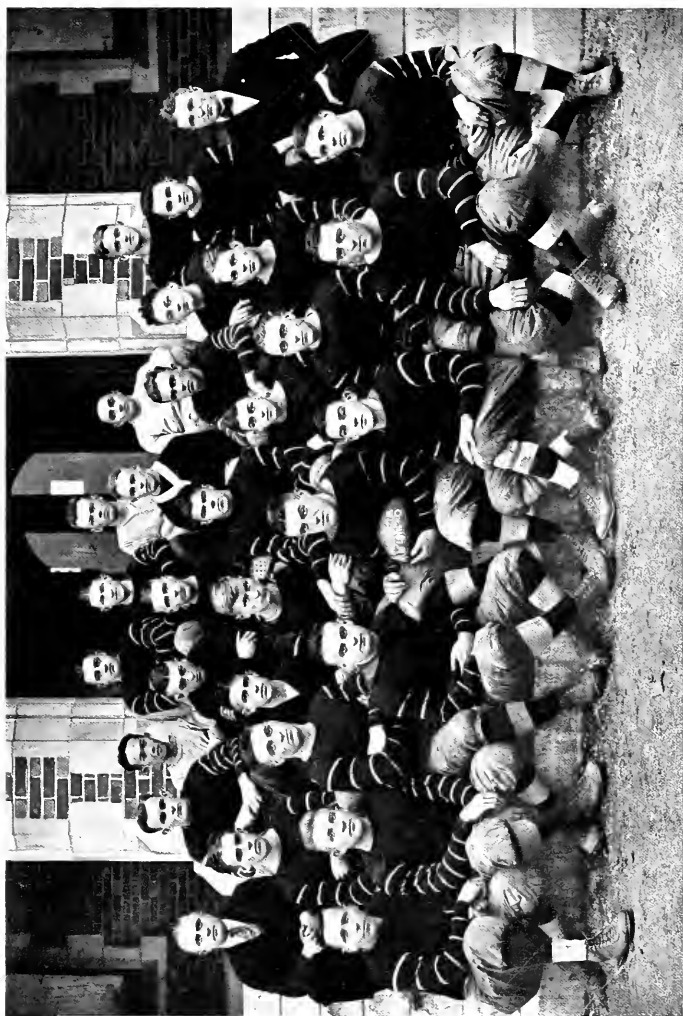

It will be seen that of our eight games, the most important was won, two were tied, and five lost. Altho not a predominately successful season, there is every reason to expect the foundation had been laid this year for the restoration of Lebanon Valley's athletic prestige in future years.

The Reserve Team

The second team, so essential to the success of the varsity, displayed its usual willingness and "pep." They conceded a 6 to 0 victory to the Palmyra A. C. on October 11. Their other game was played with the strong Schuylkill Seminary on November 1, and resulted in a 20 to 0 score against them.

HARVEY FISHBURN

Captain and Right Tackle

"Fish," a 1917 varsity man, proved to be as capable a leader as L. V. ever had. A tower of strength on both the defense and offense, he also did the kicking and held his own in the department. We regret that "Fishie" will don the moleskins no more for L. V. C. May he be as successful in after life, as he has been in his enviable football career.

SOLOMON L. HAGY

Manager

"Sol" took the honor of being appointed Football Manager very seriously; as a result, he made the season a decided financial success. Adverse circumstances in no way prevented him from having a full and well-balanced schedule. Much credit belongs to "Sol" for his perseverance and determination.

ROLAND R. RENN

Guard and Captain-elect

In "Birdie" L. V. possesses a lineman of unusual ability. Altho handicapped early in the season by a bad knee, he soon demonstrated his worth to such a degree that his teammates chose him to captain them next year. We are certain that his pluck and aggressiveness will help to make next season a success.

CLAUDE KLEINFELTER

Center

"Dutch," our scrappy center, this year realized his ambition to win his football letter. He was always in there fighting and playing the game till the sound of the last whistle. "Dutch" trained hard for every contest, and as a result lost very little time of play. He will be greatly missed next year.

HAROLD WINE

Right End

"Twisted" was the other veteran left to us; and his experience was indeed valuable. He is an adept at receiving forward passes; many an opponent has been discomfited by his ability to smash interference. But recovering fumbles is the one little stunt that "Twisted" does to perfection. His place will be hard to fill next year.

GUY MOORE

Quarterback

The pilot position was held down by "Giggs," and in a manner that left no doubt in the minds of any as to his sterling worth. He used excellent judgment in directing the play; and on the offense his specialty was breaking thru off tackle, while on the defense he handled spirals and ran them back with consistent success. We are expecting more of "Giggs'" excellent playing next season.

RALPH HOMAN

Left Halfback

Homan is a product of Lebanon High, and surely lived up to all advance notices. He is a deadly tackler in the open field. As to carrying the ball when once he gets around the end, it takes a mighty fast man to bring him down. In picking holes thru the line, he is equally good. Ralph starred in the Albright game.

ALBERT HARVEY

Right Halfback

"Slugger" was one of the members of last year's S. A. T. C. team. This year he displayed the same qualities, and again proved to be one of the mainstays of the team. Whenever he hurled his husky frame thru the line or off tackle, he never was downed before reeling off a considerable gain. We expect much from him in his remaining three years.

RUSSEL BEHMAN

Left Tackle

Aggressive—strong—reliable—are the words which express the kind of player our left tackle is. "Bull" is beyond doubt one of the best defensive linemen who ever wore L. V. togs. And when given a chance to carry the ball, his bull-like rushes laid out a windrow of opposing players. He will bear watching during the coming year.

HALE SHAROSKY

Left Guard

Little "Mike" was another scrapper who could be depended on to make a hole in the opposing line or stop any plunge directed at him. When it came down to real fighting, "Mike" was right there. He received his training at Steelton High, and with three more years experience should develop into as good a player as we have had.

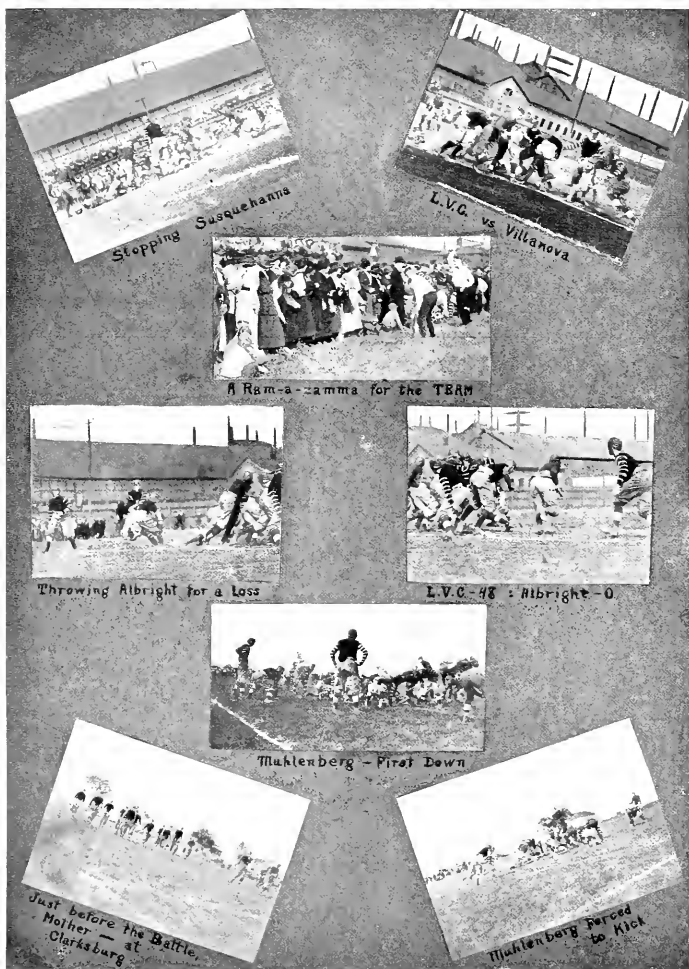

ARTHUR GILES

Left End

Good old Irish fighting blood accounts for the way Giles played his wing this season. He could gather in passes, and when playing tackle on the defense broke up many a dash aimed against his side of the line. Altho bothered with an injured ankle all season, he gamely continued and played in every game.

Altho they did not play regularly, five of the men displayed the goods enabling them to win their letter: Bachman, fullback; Uhler, fullback; Clemens, quarterback; Beck, guard; and Shumacher, end. These men were the first-string substitutes who could be rushed into the game without weakening the team's strength. Of these, Bachman will be lost by graduation; but we expect much of the others next year.

Review of the Season

FOR a time it appeared as tho baseball would suffer the fate of football and basketball last year. But thru the efforts of Faculty-coach, Prof. Gingrich, as well as those of Manager Evans and Captain Zeigler, a fine schedule was arranged, and a team developed which we were proud to support to the limit of our ability. The team was made up of four 1918 varsity players, while the others had yet to see first-team experience.

The first game was played at Lafayette. Our boys entered the contest a little nervous, and in three innings Lafayette piled up 14 runs. But during the remainder of the game, we came back with a vengeance, not only holding them, but also throwing a scare into them by tallying 10 markers ourselves. Zeigler and Fake starred at the bat, while Fishburn and Daugherty shone afield.

Two days later L. V. journeyed to Villanova and met one of the strongest nines in the East. Midst a downpour of rain, they administered a 10 to 0 defeat to us.

LVC - Quittapahilla - 1921

The following day saw the team at Ursinus. The game was closely fought, and not until the ninth inning could Ursinus shove across the winning run. Our boys had not yet found themselves, a fact shown by their inability to make the most of the scoring opportunities.

When we played our next game, it was evident that something was going to happen from the "pep" the men displayed. Altho the weather was of mid-winter kind, extra-base hit after extra-base hit rattled off our bats, and when the smoke cleared away L. V. had won her first game, 12 to 7.

Our ancient rival, Albright, was the next to fall before us. Coming up from behind in the closing innings, we carried off the laurels in a hard-fought contest. Captain Zeigler pitched fine ball and won his game with a timely single. Fishburn fielded in big-league style.

We went up against Mt. St. Mary's at Emmitsburg on the following Wednesday. They were in a slugging mood; and after we had taken the lead with two runs, quickly evened things up and forged ahead to a position from which we could not dislodge them.

On May 3rd, the team met Drexel for the second time, and before a large May-day crowd. Drexel was no match for our boys in this game. Duncan pitched air-tight ball and held his opponents to one run and a few scattered singles. "Giggs" Moore occupied the limelight with his extra-base drives and flawless performance about the first base.

The following game was with the strong Mercersburg nine; and we came off with the long end of a ten-inning 3 to 2 verdict. Moore occupied the mound for L. V. and proved his worth as a hurler by pitching a fine game. Fishburn's brilliant fielding and hitting featured.

Carnegie Tech, coached by the famous Hans Wagner, was our next opponent. The game was a free-hitting bee in which our boys led until the last inning, when the Tech lads crossed the rubber six times. Moore led in batting with two triples, a single, and a walk in five trips to the plate.

The second tilt with Villanova was closer and more spirited than the first. With Moore doing the hurling, the speedy Main-liners were held to four runs; but the best we could do against Murray, their moundsman, was one tally.

The game with Juniata at Huntington was quite a rest for our boys, who hit and scored at will. Nearly everybody collected two or three bingles. Juniata was powerless before Duncan's arm. From Juniata the team travelled to Penn State. Up to the seventh inning of that game the score was three

all; then a faulty decision of the umpire concerning a foul ball resulted in the scoring of runs which spelt defeat for us. The team as a whole never played better ball.

Lebanon was the scene of the contest with Franklin and Marshall. They scored first, but we came right back and soon took the lead, never to be threatened afterward. Zeigler's flinging was excellent, and his support flawless.

On May 29th Bucknell was met here at Annville. Our boys had no trouble carrying off the honors in a well-played game. Captain Zeigler and his mates demonstrated the use of squeeze-play to perfection. Pale and Calhoun played best for the visitors. Heiss played his centerfield position very nicely.

The next game was with Lebanon Bethlehem Steel team. The lead see-sawed back and forth; and it was not until the eighth inning that the Steel men gained a comfortable margin. The playing in this game was rather loose. Uhler came thru with two timely doubles.

When we met Albright again the tables were turned, and we were compelled to concede to them the victory, only, however, after a bitter struggle. Their hurler, Troutman, showed some real stuff in the pinches. Zellers and Uhler were there to deliver when hits meant runs. Albright cracked two home runs.

June 14th saw the team at Lewisburg, playing Bucknell. As in so many games, the result was in doubt till the last frame. Loose fielding was responsible for the loss of the game, as well as failure to connect in the pinches. Bachman's hitting helped materially in keeping us in the running.

In the final game the alumni were our opponents on graduation day. The contest was very close. "Carty" Swartz, twirling for the grads, held our boys hitless, but several errors allowed us to win.

The season recorded eight wins and ten defeats. In view of the fact that our losses were received at the hands of colleges much larger than ourselves, the season as a whole was a successful one.

1917 - Quittapahilla - 1917

JESSE O. ZIEGLER

Captain, Third Base and Pitcher

In recognition of his excellent work and baseball knowledge displayed as a member of the varsity for three years, "Jitter" was elected by his mates to lead the team during the 1919 season. He was indeed successful in every respect. "Jitter" was guardian of the "hot corner," and it was a pleasure to view the heady, steady way he handled the position. He frequently worked at the hurling peak; his speed and absolute control enabled him to win many a contest for L. V. C. We are all sorry that he has played his last game for us.

WILLIAM EVANS

Manager

"Bill" had initiative, "pep," and brains—qualifications which go to make up a successful manager. He arranged a fine schedule in short order, and saw that it was carried out with rare business ability. The trips and everything associated with them were a pleasure under his care. "Bill" was well liked by all the men, another factor of his success.

HARVEY FISHBURN

Captain-elect and Shortstop

One of the best all-round athletes that L. V. has ever had is "Fishie," who roamed about short-stop territory. There was hardly a game in which Harvey did not give a remarkable flashy fielding exhibition. And when he stepped to the plate, his reputation for pasting that old apple to all corners of the lot, more than once caused him to be given a base on balls. With "Fish" at the helm this season, we are looking forward to a great team.

EARL BACHMAN

Second Base

"Mike," who played a garden position in 1917, came out for a place in the infield last year and showed up so well that he landed the second base berth. He was an adept at the art of bunting, and seldom failed to advance his man. But he could do more than tap the ball, as was evidenced in many a game. "Mike's" fielding around that second bag was fast and snappy; no runner could slide around him.

GUY MOORE

First Base

This was the second season that "Giggs" guarded the initial sack for L. V. C. It is a well-known fact that as a handler of ground balls and wild heaves, Guy has no equal. Many an opponent owes the defeat to his ability to connect with the sphere for extra bases, as well as to his heady base-running. "Giggs" twirled several games, and never failed to hold the opposing batsmen to a few scattered hits and runs.

RUSSELL UHLER

Catcher

Altho this was "Russ's" first year of college baseball experience, nobody would have ever suspected the fact from the smooth, sure way in which he handled the backstop's job. His blocking was excellent, his pegging accurate and his handling of the pitchers ready. Uhler's hitting was done when runs were needed, especially during the latter half of the season. More of his work is expected in the coming season.

RAYMOND DUNCAN

Pitcher

"Rip" was our regular hurler, and one whom we were proud to support. Speed and curves mixed with brains made him a pitcher whom batsmen soon learned to respect. His batting average was by no means the lowest on the team; and he could take care of an outfield position at any time. Two more years should see him develop into one of our best pitchers.

CARROLL DAUGHERTY

Left Field

Last season was "Doc's" first appearance on the nine; and, judging from the kind of baseball he displayed, he will be seen again representing L. V. on the diamond. He covered his outfield territory in fine form, was sure to catch, and possessed an accurate arm. "Doc's" hitting was done in streaks; in several games he bagged as many as three singles. He also has two more years in which to show his ability.

ELWOOD HEISS

Center Field

Heiss was another Sophomore to win his baseball letter. It was soon seen that he was the man for the center field position; and indeed he justified the confidence placed in him with his fine fielding and extra-base blows. Heiss is a hard, dependable worker whom experience will develop into a seasoned, reliable player. We are looking forward to more of his work in the approaching season.

ARTHUR ZELLERS

Right Field

"Artie" was one of the four Lebanonians on the nine, played right field and played it in such a manner as to leave no doubt in anybody's mind as to his "stuff." "Artie" is a regular, all-round man, and could play a good infield game, whenever called on. Ability to hit in the pinches and run bases with his head working as well as his feet, were qualities which would recommend "Art" to any coach.

Substitutes who displayed playing of varsity caliber were Strine, Renn and Nitrauer, outfielders, and Fake, pitcher. With their "pep" and willingness to work, they will make somebody hustle next season for a first-team berth.

Review of the Season

HE season of 1919-1920 is over, and we look back to it with pride. With three of the 1917-1918 squad back, a team was developed which we were glad to have representing us. We were not defeated on our home floor; colleges our own size were no match for our varsity. The schedule was somewhat curtailed; but in the games played, all the old-time stuff was evidenced.

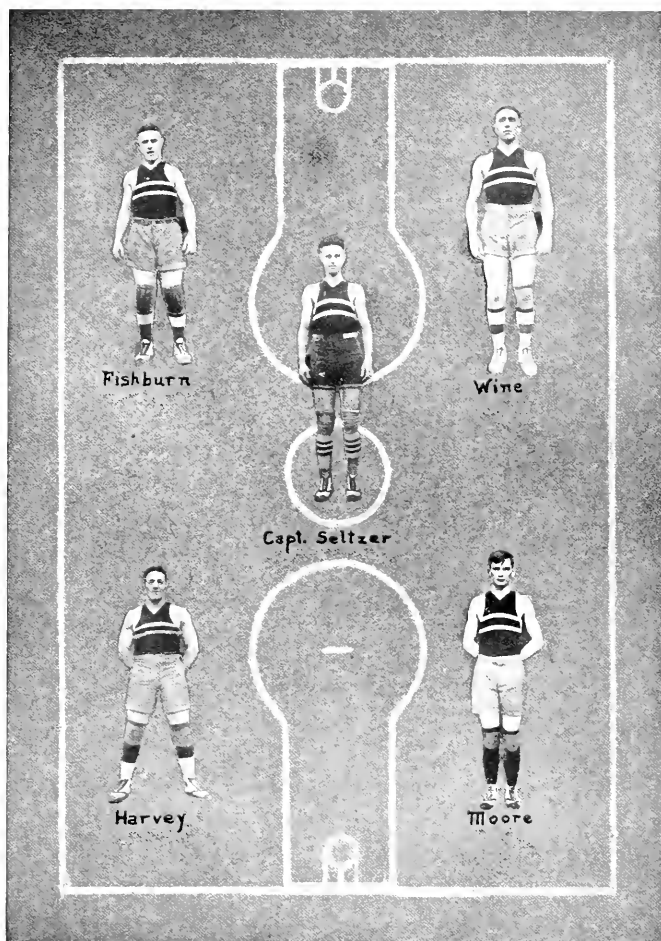

The initial game was played at home with the Lebanon Y. M. C. A. Altho we won, lack of teamwork was somewhat in evidence among our men. This fault was soon corrected, however, in time for the next game.

A week later found the team battling with Moravian at Bethlehem. The score does not indicate how fast and hot the contest was. Seltzer seemed to be the only man who could locate the basket with any degree of accuracy.

Coming back from Christmas vacation, our boys travelled to Bucknell, where the big University team administered a 55-15 whipping to us. Waddell was the unstoppable for Bucknell. Our five put up a game fight.

Juniata was the next opponent; and we had to extend ourselves to earn a 35-30 decision over them. Moore and Seltzer furnished some sensation stuff in the scoring line.

The second meeting with the Lebanon Y. M. C. A. was at Lebanon; and it was a nip-and-tuck affair until about the last eight minutes, when Moore found himself and enabled us to pull away to a comfortable lead.

January 21st witnessed one of the season's best games at Lebanon with the University of Pennsylvania travelling team, the Junior Varsity. The contest was thrilling from whistle to whistle; and the outcome always in doubt. Moore starred with five field goals.

Moravian was with us for a return game on the 23rd; and our men fulfilled their determination to even the account by trimming them 36 to 27. Fishburn and Seltzer played exceptionally well.

On th 30th, the team left on the northwestern trip. Juniata was played at Huntington, and triumphed in the end after a most torrid battle in which we led most of the time. The following day we went up against one of the strongest teams in the State, that of State College, and received a drubbing at their hands. Haines, an ex-L. V. man, played the stellar game for State.

Due to cancellations the next game was not till the 11th of February at Ursinus. There, after being ahead the first half, we were nosed out 33 to 29.

Th most important game of the season was played at Albright. Field goals by Moore and Harvey in the last few seconds of play enabled us to defeat our old rivals, 28-24, in one of the fastest and hottest games of the year. It was Albright's only defeat on their home floor.

The season was brought to a close March 11th, when we took Ursinus into camp by a decisive score on our own floor. Moore and Seltzer were the outstanding stars.

A consideration of the season from every standpoint will show a decided success. Seven games were won, while but five were chalked up in the lost column. Three of the team will be left for next year.

The 1919-1920 Reserves

The Reserve Basketball team, composed of Uhler, Captain, Risser, Behman, Shumacher, Homan, Scully and Smith played a number of games away from home with High School teams, and met with a large degree of success. They were a fighting, aggressive lot, and were valuable in shaping a winning varsity. We look to them for material for next year's team.

LVC - Quittapahilla - 1921

JAMES SELTZER
Captain and Center

To "Jim" must go much of the credit for the success of the season. In leading his teammates, in his floor work, and in his shooting, "Jim" has shown a consistency and worth seldom equalled or surpassed in the basketball annals of this institution. In his center job, his extra inches invariably enabled him to get the jump on his opponent. We are more than glad that "Jim" has another year to represent L. V. C. in the cage.

HUBER D. STRINE
Manager

There certainly was no mistake made when Strine was chosen to watch over the destinies of this year's basketball team; for a harder worker and more capable man never filled the position. Despite the misfortune of the cancellation of several trips, Strine arranged a good schedule. It was too bad that the condition of finances prevented him from going along on most of the trips.

GUY MOORE
Forward

"Giggs" has carved a deep niche for himself in the Hall of Basketball Fame in these parts; and the way he played the past season but upheld and increased his reputation. Many a time has the wizardry of his clin left arm spelt disaster for the foe. On the other hand, his Irish spirit keeps him working and fighting hard all the time. Sure, and it's happy we are that "Giggs" will be again spinning them thru the net for us next year.

HARVEY FISHBURN
Guard

The mere mention of "Fishie" as being on any team gives one a sense of security; for he is as good on the basketball floor as he is on the gridiron or on the diamond, which is saying a great deal. As running guard, he played the floor faultlessly, and could always be counted on for his quota of double-deckers. Foul-shooting was another job "Fish" performed in his capable fashion.

HAROLD WINE
Guard

This was "Twisted's" first year on the basketball varsity; but the way he played his position of back guard left no doubt as to his ability. "Dependable" seems to be the word that fits "Twisted." Certain it is that many an enemy's passing system came to grief at his hands. We are sorry that he has played his last game for L. V. C.

ALBERT HARVEY
Forward

"Slugger" was the only Freshman on the team; that is because he's a born athlete. He proved his worth as a good running mate for Moore. Fast, strong, and steady, Harvey played an excellent floor game, while his accuracy in locating the basket improved with every contest. Much is expected of him in the next few years.

Minor Sports

The abnormal conditions which prevailed during the school year of 1918-1919 prevented the arranging of schedules and selection of teams for track and tennis last spring. An interclass tennis tournament was staged between the Sophomores and Freshmen, which resulted in victory for 1921 in both singles and doubles. With the return of college life to usual conditions, track and tennis will soon be enjoying antebellum prosperity.

Girls' Basketball Team

Forward Jennie Sebastian
 Forward Elizabeth Smith

REVIEW OF SEASON

The Co-eds have helped put Lebanon Valley on the athletic map with their stellar basketball playing. A glance at the scores shows a majority of games won and an enviable record. Captain Gladys Fencil was the outstanding star with her numerous field goals and splendid floor work. Miss Smith's foul shooting was exceptional. Misses Sebastian and Dorothy Fencil could always be depended on in the matter of field goals, while Elizabeth Kreider's close guarding invariably kept down the opponent's score.

Interclass Basketball League

S in former years, an interclass basketball league was organized and games played, which were marked by clever playing and a very keen spirit of rivalry. The race gradually resolved itself into a struggle between the Sophomores and Freshmen for first place, and an equally fierce spirit between the Seniors and Juniors as to which should occupy the cellar position. That the Freshman and Juniors were victorious in their respective endeavors was no doubt due to the fact that the former possessed the best combination of goal-shooters, while in the line-up of the latter was Uhler, the runner-up of points.

The opening game was played January 8th between the Seniors and Juniors, and resulted after a hot battle in a 15-11 verdict favoring the Juniors.

January 11th saw the Freshmen administer a 28-26 defeat to the Sophs in a fast, exciting game, the issue of which was always in doubt.

The Sophomores took their turn at winning a game on January 15th, when they trounced the Seniors, 28 to 20, in a rather loosely played game. Herr and Berger starred for their teams.

January 19th, the first-year men passed a 32-25 victory around the Juniors, who, however, put up a thrilling fight. Uhler and Smith led in the individual scoring.

The speeding Fresh annexed another win on the Y. M. C. A. floor at Lebanon, January 21, from the downtrodden Seniors. Faust's shooting was a redeeming feature of the game.

On February 2nd, the Sophs took the wind out of their rival's sails by handing them their first set-back. Herr's playing was exceptional.

February 5th, the Seniors were again routed by their cousins who by reason of their win were enabled to share first-place honors with the Freshmen.

February 9th saw the Soph warriors annex their fourth straight victory, the Juniors falling easy victims to the tune of 42-16. Herr's work again featured.

February 12th the Juniors and Seniors without some of their best men fought a hot and thrilling fight, terminated in the last few seconds in favor of the Seniors by Allen's sensational goal. The score was then 22 to 21. Uhler starred for '21.

In a game, February 16th, abounding with sensational playing and shots, the Freshmen overcame an early Junior lead thru superior team work and won handily, 40-29.

February 23rd the Seniors handed the yearlings a surprise package in the form of a 34-27 trouncing, thereby breaking the tie for the first and last places.

March 5th, the Sophs took firmer hold on the first place by again beating the Juniors, 27 to 18, in a rather listless game.

March 8th, the Juniors seemed to have found themselves; for they trimmed the Seniors, 24-17, causing a deadlock again for the possession of last place. March 11th marked the third meeting of the Sophs and Freshies. After a hammer-and-tongs session, the first-year men emerged with the long end of a 32 to 28 score.

Senior Basketball Team

The Seniors had a team which was unexcelled in the art of passing. Had their shooting been equally as good, the result of many a game would have been different. Bachman, Berger, Beidel, Strine and Kleinfelter, Allen and Strine composed 1920's team.

Junior Basketball Team

The team representing 1921 was composed of Heiss, Uhler, Daugherty, Haas, Renn, with Hastings and Nitrauer. At its full strength this team was a match for any of the others. Ill luck, however, stood in their road to supremacy, and prevented their doing justice to their ability.

Sophomore Basketball Team

The Sophomore combination of Herr, Miller, Daugherty, Stabley and Homan was fast, knew how to pass and shoot. As a result they were hard to beat. The only team that gave them any real trouble was the Freshman.

Freshman Basketball Team

Risser, Smith, Faust, Clemens and Witmer were the green-capped individuals who made basketball history for 1923. They and their mates defeated the Sophs in the challenge game, and finally overcame them by a fair margin in the matter of league supremacy.

"We may live without poetry, music and art;
We may live without conscience and live
without heart;
We may live without friends, we may live
without books;
But civilized man cannot live without cooks.
He may live without books—what is
knowledge but grieving?
He may live without hope—what is hope but
deceiving—
He may live without love—what is passion
but pining?"
But where is the man who can live without
dining?"

"Toiling, rejoicing, sorrowing,
Onward thru life he goes.
Each morning sees some task begun;
Each evening sees its close.
Something attempted, something done
Has earned a night's repose."

JOKES

Jokes, Verses and Witty Sayings

A little nonsense now and then,
Is relished by the wisest men.

—*Pope.*

A jest's prosperity lies in the ears of him that hears it.
—*Shakespeare.*

The world is old, yet likes to laugh,
New jokes are hard to find,
A whole new editorial staff
Can't tickle every mind;
So if you see some ancient jokes,
Decked out in modern guise,
Don't frown and call the thing a fake,
Just laugh, don't be too wise.

Little spots of knowledge,
Little puffs of wit,
Make the simple Freshman
Think the Senior it.

Here's to the Freshman with green covered dome,
Here's to the Freshman who could hardly leave home,
We wish you well in all you may do,
But remember to class cousins always be true.

Every where it can be seen
Nothing at all except the green
It's on the campus, it's in the dorm,
Don't be alarmed, it's only a Freshman form.

A Few of the Things That Were Heard on November 1, 1919

During supper at Mrs. Stehman's table. Mrs. Stehman: "You seem very happy this evening, Miss Hughes."

Miss Hughes: "Yes, I am. You know, Mrs. Stehman this is November the first."

Miss Kratzert: "My hands were awful cold."

Miss Mutch: "The Freshman boys must be slow."

Miss Hummelbaugh: "Isn't it great that November the first is over and we can go walking with the Freshman boys?"

Miss Rowland: "It surely is great. I didn't think there were so many nice boys in our class."

I wonder why Miss Hughes went out to the football field every night to see the boys play.

I wonder why a certain Junior was late for Glee Club one night last fall.

A Maid of Letters

When life seems somewhat out of joint,
And all my nerves are gone to rack,
I let my lessons go unlearned
And write to Jack.

And when our team has won the game,
And with great joy my heart's a-throb,
To make my happiness complete —
I write to Bob.

But when monthly bills come pouring in,
And make my day a round of bother,
'Tis then, "I take my pen in hand,"
And write to father.

He met her in the meadow
As the sun was sinking low,
They strolled along together
In the twilight after glow;
She waited quite demurely
While he lowered all the bars,
Her soft eyes beamed upon him
With a light akin to stars.
She neither smiled nor thanked him,
In truth she knew not how,
For he was just a country boy
And she a Jersey Cow.

School Boarding

From college year to college year
Few things we get are nice;
We always have for breakfast here,
Raw oatmeal, hash and rice.

Burnt chops we get and beefsteak tough
And 'taters burnt to match,
And hard-boiled eggs that long ago
The hen tried hard to hatch.

When Sunday comes we all look fine,
As better grub it brings —
A feast of chicken, cake and wine,
Ice cream and other things.

But by and by the days will all
Be Sundays, so they say,
And we hope if naught befall
To live to see that day.

Heard in the Class Rooms

Prof. Martin (in Prep Physics): "Does the moon affect the tide?"
Virginia Smith: "No, only the untied."

Prof. Derickson (in Biology): "What is the connecting link between the animal and vegetable kingdoms."

J. Arnold: "Hash."

Prof. Grimm: "How could you tell the depth of the sea by means of a hydraulic pressure machine?"

Anna Stern: "I'd lower the pressure machine by a rope and measure the rope."

Prof. Gingrich: "Where was the Declaration of Independence signed?"
Bessie Behney: "Why, at the bottom."

Prof. Spangler: "What was the chief characteristic of the Quakers?"
Dawson Horine: "Silence, professor."

Prof. Grimm: "What makes you late for class, Stumbaugh?"
"Stummy": "The bell rang before I got here."

Mrs. Green: "Give the French word for 'horse'."
Earl Fake: "Ein Pferd."

Prof. Grimm: "Mr. Hastings, what is a notion?"
"Ted": "Something you have in your head."

Miss Adams: "'Mr. Lutz, what are the muscles of your face for?"
Lutz: "To eat with."

Prof. Lehman: "You have no business to take Advanced Physics without first taking Calculus."

Carroll Daugherty: "You have no business to take it at all."

"Mose": "Say, Prof., I have an idea."

Prof. Grimm: "Treat it gently, son; it is in a strange place."

"Birdie" Remm (in Psychology): "Prof., I can't talk this morning; I hurt my knee."

Miss Adams (to Edith Stager, who was reading poetry): "Fill up your feet, Miss Stager."

Prof. Beatty (in English IV): "Mr. Seltzer, keep your mind on your lesson, and Miss Bonitz, too."

Verna Mutch (in Bible III): "You do not put new wine in old skins because you would break the bottles."

Miss Adams: "What do you see on lawns?"

Maryland Glenn: "Grass."

A Waiter's Luck

I'm one of the waiters at old L. V.,
 But do not like my job at all,
 I have to be so very nice,
 And bring more gravy and then more rice,
 A few want coffee and others want tea,
 Even hot water some ask of me;
 I scarcely have any time at all
 To gaze at the maid over by the wall,
 Just when I have a minute or two
 The head waiter says, "Red, more stew."
 One day she smiled at me so sweet
 It nearly took me off my feet.
 "More soup," said she and I hastened away
 And brought it hot on a silver tray;
 As I neared her side I tripped, alack,
 And spilt the soup all down her back.
 Now there's no hope for me at all,
 I can only stand against the wall
 And dream, and dream, and dream.

SONG OF THE "LIFE GUARDS"

I'm forever washing dishes,
 Dirty dishes in the sink.
 They pile so high;
 Nearly reach the sky;
 Then like my dreams
 They fade and dry,
 Dishes all around me;
 I am in despair.
 I'm forever washing dishes,
 Dishes towering in the air.

Things That Help To Restore Our Faith In Human Nature

The W. S. G. A. excusing a girl from punishment.
Miss Schmauk forgetting to make up missed recitations.
Prof. Grimm resolving not to have any more Education exams.
Mr. Barnhart not desirous of our money.
Mrs. Stehman giving special permission without asking questions.

Compliments of the Freshmen

The cows are in the meadow,
The sheep are in the grass;
But all of L. V.'s dunces
Are in the Sophomore class.

An annual is a great invention;
The class gets all the fame,
The printer gets all the money;
And the staff gets all the blame.

At opposite ends of the sofa they sat with vain regrets,
She had been eating onions; he, smoking cigarettes.

THE PRICE OF SILENCE

Rara Garver: "One thing about these pop corn balls—you can't eat and talk at the same time."

"Giggs": "Have another one."

"Mike" Rowland: "Isn't it funny that handsome men are always disagreeable?"

Nitrauer: "Oh, I always try to be pleasant."

"Jane, have you given the fish any water lately?"

"No, mum, they haven't drank the water I gave them last week yet."

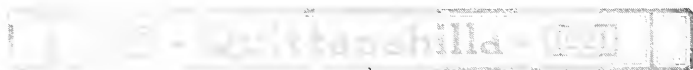

Farrell (last summer): "Don't come down that ladder on the North side, Dad. I took it away."

Gladys Fencil: "I'm afraid I'm lost."

Swank: "Are finders keepers?"

Cawley Stine dreamt that he was traveling thru the infernal regions. He noticed some bodies were hung on hooks and some were thrown directly into the fire. Cawley's curiosity was aroused, and he asked one of the imps, "Why do you hang some on hooks and throw others into the fire right away?"

"Oh," was the answer, "those on hooks are Freshmen from Lebanon Valley College. They're too green to burn."

Tool Chest Courtship

"It is 'plane' that I love you," he began.
"Is that on the 'level'?" she asked.
"Haven't I always been on the 'square' with you?"
"But you have many 'vices'," she remonstrated.
"Not a 'bit' of it," he asserted.
"What made you 'brace' up?" she queried coquettishly.
"The fact that I 'saw' you," he replied with a bow.
"I ought to 'hammer' you for that," she answered saucily.
"Suppose the other should 'file' in?" he murmured.
"You shouldn't let your arms 'compass' me."
"I know a preacher who is a good 'joiner'," he said.
And they rushed off to get married.

Ode To The Quittie

Oh little creek of Annville,
How lazily you flow by,
Unconscious of the men and maids
Who, listening to your murmur
Find inspiration to hush their voices,
And cast loving glances
Mingled with sighs
Of ecstatic contentment.
Your lure is felt most in the springtime,
When the birds return,
And flowers blossom,
And trees bring forth their leaves;
For that's when
A young man's fancy turns to thots of love,
But ripple on, Oh Quittie,
And sing your song
"Men and maids may come and go
But I go on forever."

Present-Day Philosophy: Strike and the world strikes with you, work and you work alone

A Jew said to a fine piece of ham, "Almost thou persuadest me to be a Christian."

Every man is a hero to the woman he loves.

Carlyle says: "If you are in doubt whether to kiss a pretty girl, give her the benefit of the doubt."

Can a lover be called a suitor when he does not suit her?

In cards, a good deal depends upon good playing, and good playing depends on a good deal.

A student in want of money sold his books, and then wrote home, "Father, rejoice, for I now derive my support from literature."

A farmer stabled a cow in an ice house to make it give ice cream.

A gentleman died lately who did not believe in another world. Two weeks later his wife received thru a medium, a communication which read: "Dear wife, I now believe, send me my Palm Beach and B V D's."

A Spanish Student going out hunting with a party of Americans was told not to talk as it would frighten the rabbits. But when he saw a rabbit he uttered an exclamation in Latin. Upon his companions blaming him, he said, "Who would suppose that a rabbit could understand Latin?"

A woman's grief is very short. If she loses her husband she pines only for a second.

A woman from India came to America to live and after being here a short time said to a friend, "I can't understand the American woman, they choke themselves around the waist instead of the neck!"

A clergyman mounted on a tall, lank, raw-boned horse, asked a dirty little urchin which was the nearest road to town. The boy said, "Who are you old chap?" The clergyman replied, "My Son, I am a follower of the Lord." "A follower of the Lord, eh, well it makes mighty little difference which way you go, you'll never catch him on that horse."

Registrar to new Student: "And where are you from?"

New Student: "Providence."

Registrar: "Are you?"

Student: "No, R. I."

Mae Hohl: "What shape is a kiss?"

Helena Maulfair: "Elliptical (a lip-tickle)."

Miss Shettel (In Prep English): "Name all the words you can that end in 'ous' and define each."

Harmish: "Dangerous, full of danger; hazardous, full of hazard——"

Daisy Gilpin: "Say, he 'muffed' one—pious, full of pie."

Strine: "Why is Sunday the strongest day in the week?"

Morrow: "Why, because all the rest are week days."

Prof. Shroyer (In Bible): "How long did Cain hate his brother,"

Heckman: "As long as he was Abel."

"Fat" Hartman: "And why do you want to marry Anna?"

"Ben" Emenheiser: "Because I would be Bennie-fitted, and she would be Annie-mated."

"It's a solemn thing to be married," said the fond mother.

"It's a good deal more solemn not to be," said "Joe" Stine.

Dwight Daugherty: "I will give that fellow a piece of my mind."

Shadel: "I wouldn't; you have none to spare."

"I have a great love for old hymns," said Myrtle Snyder.

"I am much fonder of young 'hers'," answered Nitrauer.

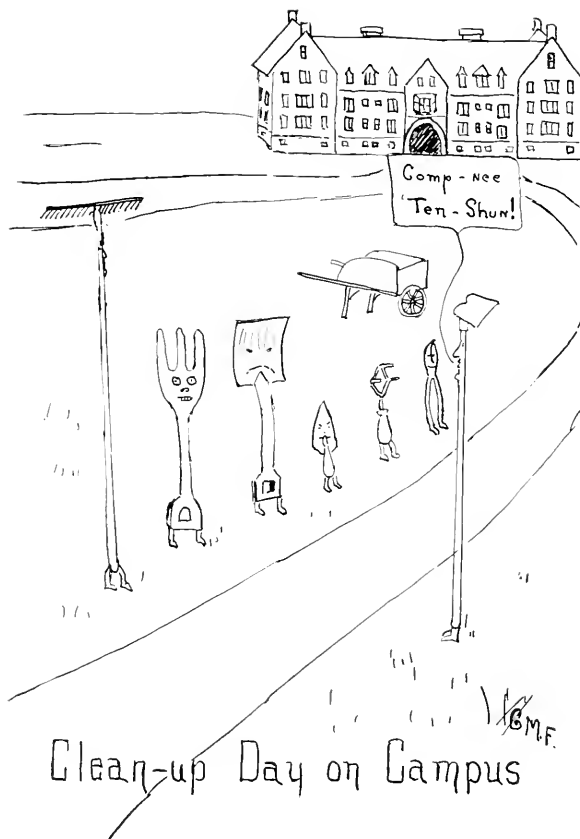

Fishburn, in rendering to his father an account of his term expenses, inserted: "To charity, \$30.00." His father wrote back, "I fear that charity covers a multitude of sins."

Mabel: "Do you love me still?"

Farrell: "Of course—the stiller, the better."

Prof. Beatty: "Who wrote the most, Dickens, Warren, or Bulwer?"

Miss Fencil: "Warren wrote 'Now and Then'; Bulwer wrote 'Night and Day'; and Dickens wrote 'All the Year Around'."

Crim: "Why was Adam the happiest of husbands?"

Ruppenthal: "Because he had no mother-in-law."

Ness: "Heiss, have you ever met your ideal girl?"

Heiss: "Yes, scores of times; but I have always been lucky enough to change my ideal."

Wise Hospital Apprentice: "He broke it trying to lift the quarantine off the camp."

"Remember son, President Garfield drove mules on a tow path and President Lincoln split rails."

"I know, dad, but did any of these Presidents ever crank a Ford for half an hour and then discover that he didn't have any gasoline?"

Hohl (As a hearse past by): "That is a car I don't care to ride in."

Shader: "Why people are just dying to ride in that."

Prof. Spangler: "When did the revival of learning begin?"

"Joe" Bonitz: "The night before the exams."

Crim: "Let me see—how does that wedding march go?"

Ruppenthal: "Don't ask me. I am trying to forget it."

Miss Adams: "It requires a strong man for this part. You must carry a man off the stage."

Horine: "That's alright. I held up a railroad train once."

"If there is no moon light, will you meet me by the gas light, dearest?"

"No, I won't, I'm no gas meter."

The most curious thing in the world is a woman who is not curious.

To a lover there are but two places in the world; one where his sweetheart is, the other where she isn't.

The only time a woman does not exaggerate, is when she is speaking of her own age.

Flirtation is attention without intention.

I sat me down and thought profound
This maxim wise I drew,
It's easier far to like a girl,
Than make a girl like you.

Nonsensible Sense and Sensible Nonsense

Brevity is the soul of wit, but not of love letters.

A man can coax a woman to do anything she wants to.

Some scientists say all people are irrational. Well, if the whole world is crazy, that explains a lot of things.

Life is one d--n thing after another. Love is two d--n fools after each other.

There's no parting so bitter as the parting of a quinine capsule just as you are swallowing it.

Teacher: "Yes, children, an Indian's wife is called a squaw. Now what are the little babies called?"

Bright Pupil: "I know—Squawkers."

Our idea of a hero: A man who can tie a bow on a rough-edged collar, break two finger nails, lose the collar button under the bureau, and keep his religion.

I sat beneath a dog-wood tree,

One day out in the park;

I tried to take a quiet nap,

But that old dog-wood bark.

The shoe horn is the only instrument that produces foot notes.

Old friends are like old cheese—the strongest.

The first thing some fellows put on in the morning when they get up, is a fresh grouch.

Psalm of the L. V. Couple

Tell me not in joyful numbers
To be in love is lots of fun;
For 'tis a feeling that never slumbers,
And keeps you always on the run.

Love is real! Love is earnest!
And of life it is no minor part.
Now thou comest, now thou returnest
Was not spoken of the heart.

Not solely pleasure nor enjoyment
Is it Cupid's aim to send;
But that our lives find full employment,
And reach at last their destined end.

Swiftly away the hours are stealing
When the loved one is at the side;
And we cannot, cannot control our feeling,
No matter how hard we have tried.

And in this world of acrimony
With love, sometimes, we're left alone.
Yet in the strife we still have company;
For, 'tis said "they twain shall yet be one."

Then courage, friends, look to the future free,
When from college halls you will have passed.
Then will thine own abide with thee,
Even unto the very, very last.

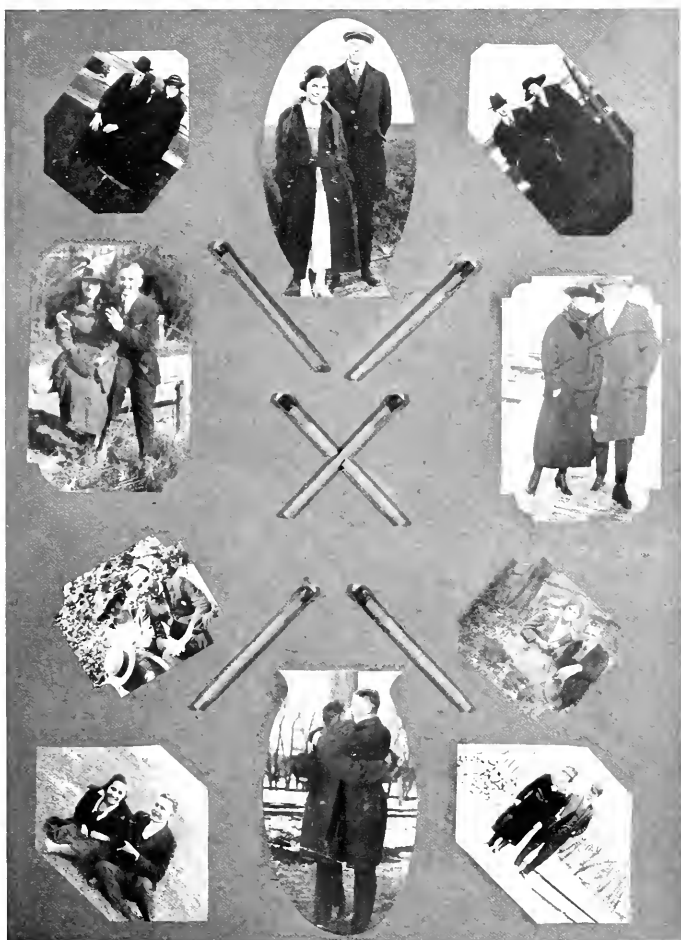

Former L. V. couples all remind us
We can make our love sedate;
And our foot prints left behind us
Will guide the undergraduate.

Foot prints that some other couple,
Passing thru the puppy stage,
Fearing that their love may topple,
Seeing, shall their fears assuage.

Let us then be busy and upholding
The couple standard of L. V.;
Our affections still unfolding,
Learn to love harmoniously.

—Orin J. Farrell.

Quiltapahillo - 1931

Do You Know Him?

Boys of L. V. do you know him?
Well I guess you do;
Especially you younger fellows,
Who are always feeling blue,
Your cereal tastes like match sticks,
And you say the bread is stale,
When you fail to get a letter
In the early morning mail,

The days are long and dreary,
As you constantly recall,
The farewell words she said to you,
When leaving for school last fall.
And when your train was pulling out
And the whistle began to shrill,
You really thought you had the gout
For you knew he your place would fill.

How slow the dreary weeks have passed,
In each, seven letters you've written,
The Christmas holidays are here at last
With the same old fever you'll be smitten.
He will never let you rest in peace,
Some day you'll pay the price,
He is DANIEL CUPID, of Ancient Greece,
Please accept the following advice.

If you don't feel just right
And can't sleep at night,
If you can't smoke or chew
And your grub tastes like glue,
If you have cold feet
And your heart don't beat,
And your head is awirl,
Why in the deuce don't you marry the girl?

"Dutch": "You did, and did you see me there?"

"Fat": Yes, and then I knew that I was only dreaming."

Heckman: "It's funny that there's electricity in my hair."

John Snyder: "That's not half as funny as gas on the stomach."

Junior: "I thought you took Latin last year."

Sophomore: "I did, but the faculty encored me."

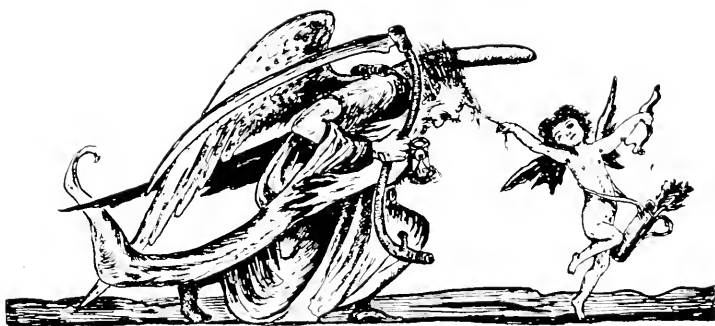

Horine: "Was that your new girl you had at the dance last night?"

Bowman: "Oh, no, that was my old girl repainted."

 But pull a few if you are bold
 And shoot 'em down the spout.

If you can not laugh at the joke of the age
 You can laugh at the age of the joke

The Calendar

March 1919

With the beginning of the stormy month the Quittie Staff of '21 entered upon a journey over the stormy sea of publishing a yearbook. The most immediate task was the keeping of this chronology. The result of our efforts, greatly condensed because of necessity, we present in the hope that it will at least give you something by which to recall how the days and weeks and months have sped by.

A Star Course number on Saturday evening set March in motion. Socializing was notably in evidence—even to the extent of "Rip" Duncan. The following afternoon was so nice as to invite several couples for a walk especially "Mose" and Mary. The next day saw the opening of the week of prayer. On Tuesday the college went dry. Farrell and Reber washed for supper with bay rum. Every good student received a testament Wednesday evening at prayer meeting. Evidently Maud Van Nordeck forgot to use hers; for she asked on Thursday the day on which Easter comes. The features of Friday were a community night in chapel and the closing of the Week of Prayer. All the children, including Ben Emenheiser and Elena Secrist went walking Saturday evening and then to the Y. M. movies in the chapel.

Sunday, the ninth, was a clear day and without special happenings. But what a splendid time we all had Monday night at the C. E. Social in the church! Tuesday was such a nice day that the would-be baseball team began practice on the campus. They even became so ambitious as to break a window in the girls Dorm on Wednesday. And on Thursday the basketball game between the Sophs and Freshies took place. The men of '21 gained the victory.

Friday, the 14th, will never be forgotten by HESSIE and ANNA; for their case began then. We all had a fine time at the St. Patrick's Day Party, Saturday evening, in North Hall.

Not much happened on Sunday with its drizzling rain all day. At the Glee Club rehearsal Monday night "Johnnie" Snider appeared in full dress. Tuesday was tense with dark plotting—the Freshmen were soon to banquet. Wednesday was quiet. On Thursday the Freshmen managed to get to the Penn Harris at Harrisburg—all but Heckman and Bender. J. D. Daugherty, hero of the hour, had a policeman remove the unruly Sophs. The Junior play was a wonderful success. Friday night. Oh, those chorus girls! Harold and Anna left the Movies early Saturday evening. Looked bad.

During the last week of the month the baseball team got under way. The tennis courts and the athletic field were fixed up Wednesday. We all helped—didn't we? The Sophs gave Daugherty a free bath in the Quittie that night. John Snider sang "Good Night Ladies" to the girls on Thursday night. We all worked hard this week. Frank Butler even spent Friday night in the Biology laboratory. On Sunday, the 30th, we were glad to see Marion Heffleman come back.

April 1919

The W. S. G. A. started the month of showers by giving a party to the girls. The Glee Club had a long rehearsal in preparation for the trips. The following evening (Wednesday) presented another Star Course number. Wonder why Farrell didn't talk to his girl? On Thursday "Addie" Miller, Tschudy, Wirt, and "Russ" Bowman took shower baths at the hands of the other men students. The Glee Club went to York on Friday. Farrell and Reber stood in the rain with their girls. From there the Club went on to Red Lion. On Sunday Cawley Stine preached at Spry; and Reber nearly sang a solo in church at Yoe. Monday afternoon the baseball team worked hard. The Glee Club home concert was given Tuesday evening (8th). "Ed" Castetter made a hit with Dr. McLean. The baseball team went to Lafayette Wednesday; but lost, 19-10. Better luck in store however. On Thursday J. Howard Schneider was up for breakfast. Puzzle: How did it happen? Some rain on Friday! And yet the team played at Villanova, tho they had to acknowledge defeat by 10 to 0. Kalo anniversary was splendid, except that Prof. Haring drank too much punch. On Saturday the team held Ursinus to 1-0.

Sunday, 13th, was quiet as usual. On Monday the track team, consisting of "Fat," "Dusty" and Gehr commenced operations. Tuesday morning in chapel two army officers got us to subscribe to the latest magazines. Wednesday—nothing but rain! The Seniors held their tree-planting exercises on Thursday. "Bill" Evans, assisted by "Ike" was the most eloquent orator for the occasion. "Sammy" Grimm imitated our remoted ancestors by climbing trees to get pictures of the affair. At 4:00 p. m. the Easter vacation started. Friday—going. Saturday—going. Sunday—going. Monday—GONE. That is, everybody but Olive Darling, "Johnnie" Snider and Miss Kreider. But Tuesday brought us back to the dear old place again. But poor Prof. Martin! Even as late as Wednesday afternoon he made a trip to the station in vain. Dr. McLean got gay on Thursday. She threw Peck's chemistry book out the window; also locked the Freshman class in her room. The Glee Club went off for another trip Friday. We beat Albright Saturday at Lebanon. Hurrah! That evening Grace Snyder announced her engagement. And there were showers of congratulations.

The fine weather Sunday, 27th, lured the couples out for a stroll. Heiss played Doctor on Monday, and took Maud Van Nordeck's pulse in the parlor. Miss Kreider held one of her short girl's meetings Tuesday. The Eurydice shone Wednesday night in its home concert. Crim also shone with Susan. Thus ended the month.

May 1919

Some of the April showers continued on the first day of the month of flowers. Schwalm came for breakfast just one hour late. Philo Anniversary was a big success Friday night; but poor Erdean!—her fellow missed the train. What a happy May day on Saturday afternoon! Also a game with Drexel that ended the way we wanted it to.

On Sunday 4th, Stauffer borrowed 50c to go to Lebanon, and when he got there found "Happy" with another fellow. Gehr told the upperclassmen where to go on Monday. They had him lead the way that same night. Tuesday hurried by so that Castetter could take Olive out to study flowers on Wednesday. The Mercersburg game resulted in a score of 3 to 2, favoring us. "Dusty" and "Ike" surely did make us cheer at the Carnegie Tech game in Lebanon. Kalo and Clio held a pleasant joint session Friday night. Saturday found everybody broke both in cash and in "pep."

Sunday and Monday slipped by in quiet fashion. But the Finance Committee condescended to dine with us on Tuesday. The Y. W. had a noisy party that night. The big tennis tournament took place on Wednesday. Lot's of "Love" games. Penn State had a holiday on Thursday 15th; but none for us. The Junior Recital in the Conservatory, however, afforded some celebration. Friday was a big day. The team trimmed Juniata on their home diamond, 23 to 4; the Glee Club stopped at Green Castle on its journey to the South, and made a big hit; and a roaming band of doctors visited our halls. For once everything was clean. Saturday the team lost to Penn State, 11 to 3; while the Club performed at Martinsburg, W. Va. Reber said that he did not feel at home in a dry State.

The team returned on Sunday and the Club journeyed to Chambersburg. Monday after the concert, Farrell and Castetter took a nice long evening (or was it morning?) walk. The Club returned Tuesday and went on to Myers-town the same evening. Reber took a little canoe trip with Mae Hohl on Wednesday. Thursday the Club gave its last concert before a big audience in the New Lebanon High School auditorium. The mighty Sophs banqueted at Reading on Friday. On the morrow the botanists and the Y. W. Cabinet went to Graetna. Prof. "Derry" and Heberlig washed the dishes. On Sunday Russell Ehrhard came to see "Pat" Daugherty. Much rejoicing.

The Sophs and Freshies met in combat Monday on the diamond. When the game was called for supper, the score stood 11 to 2 for the Sophs. That night The Shades had the Glee Club entertain the girls with nocturnal songs. On the following day the under-classmen were to be seen in strange garb and acting in yet more strange ways. Clio entertained the Seniors in the evening. The Fresh-Soph tennis match was held on Wednesday. The men of '21 carried off the victory. And Philo entertained the Seniors. Bucknell came on Thursday but lost to us with a score of 6 to 2. No school Friday—40 students left. Saturday was another holiday, and mighty hot too.

June 1919

This month began as its predecessor ended—with a sizzling hot day. Everybody sat out on the porch of the girl's dorm. On the following day, Monday, there was lots of "pep" in chapel for the Albright game to be played that afternoon. And we all went down to it too. But no luck! Tuesday we were back to work again at choir rehearsals, play practices, and the like, to say nothing of studies. Wednesday—more work. On Thursday night a special meeting of the local corps of the Salvation Army was held on the campus. The Glee Club banquetted at the Hershey Hotel Friday night. Upon returning, Bechtold, Nitrauer, Snyder, Snider, Stein, Reber, and Farrell doffed their apparel before entering the dorm. Saturday eve there more entertainers than usual in North Hall.

The Baccalaureate Choir had a "try-out" in the Lebanon Reformed Church Sunday evening. The next day exams began. Tuesday—more exams. There's cramming in the air. Wednesday—And the Profs. still pursued us! The French III class plus Edith Stagger, Farrell and Nitrauer gave a French play to break the monotony. On Thursday Prof. Derickson held his Biology IV exam in the shape of a treat in the restaurant. Miss Schmauk got her exams in at last on Friday. And on Saturday everybody felt wonderfully relieved. The strain was over at last!

The noble Seniors listened to the Baccalaureate Sermon by Dr. Showers on Sunday. The College Choir had a chance to shine; and it did. Monday night witnessed the Conservatory Commencement. The College Chorus got real patriotic and sang a real Ode. At the Class Day exercises Tuesday afternoon, Castetter and Wingerd became Freshies once again. The Commencement Address by Byron King Wednesday morning inspired the Seniors with a burning zeal to do their best in life. The dining hall was filled to overflowing for dinner. The Seniors gave their play that night. Needless to mention that it was a success. Thursday saw the last few depart. Silence now took the throne for three long months.

September 1919

With the falling of the leaves and the passing of the summer days, L. V.'s old students came back to her; there came also a motley crowd of new seekers after knowledge. The students came trooping in Monday and Tuesday the 15th and 16th. Wednesday morning brought the first chapel with an address by Dr. Shope. After the chapel exercises came the Soph-Fresh Scrap. The newcomers got away with a victory of 10-0. On Thursday the Freshman girls appeared with all sorts of contraptions. That night the Scrub Glee Club received a host of new members at its annual try-out. The Junior girls entertained their class cousins with a marshmallow toast Friday evening. And the occasion for making acquaintances, namely the Student Reception, took place on Saturday night.

Chef celebrated the first Sunday by serving a chicken dinner with ice cream for desert. After a public invitation by Ira Ruth at dinner on Monday the Freshmen had a hike that night despite heavy rain. Evidently it was not a dry affair. We all started the year right by going to the Student Prayer meeting Tuesday evening. At the mass meeting in chapel Wednesday, evening, Omar and Camillo made speeches, "Joe" Bonitz spoke, and "Dougie" shimmied. The Seniors, Juniors, and Sophs each had a hike afterwards. The old stand-by menu of marshmallows and doggies prevailed. On Friday the French table was inaugurated in the dining hall. Comprenezvous? We had a visit from F & M Saturday that is, "Peggie" Wier did. Virginia Gilpin and Mae Morrow set up a new style for L. V. girls on Sunday by wearing furs to dinner and hats to supper. The Senior girls had a house party at Graetna that night.

The Freshmen must have been planning another hike on Monday; for the Soph girls took the trouble to lock the lassies of '23 in a room in North Hall Tuesday afternoon. A fight ensued that soon became a free-for-all among the underclassmen. This because the men of both classes tried nobly to come to the rescue of their sister classmates. After Beck had pinned Dwight Daugherty to the ground, the Freshmen triumphed, and went on their way rejoicing. So September with its scraps and hikes and other things of a kindred nature passed into history, and we turned to October ready for hard work.

October 1919

The day after the grand fight, the Freshmen boys could be seen repairing their rooms and cleaning molasses from their door knobs. Oh, those spiteful Sophs! Thursday was peaceful. But on Friday the Freshman girls shocked us by appearing with phantastic decorations on their physiognomies. By this time a varsity football team had been worked into shape, and in the first game on Saturday held Villanova to a scoreless tie. Sunday afternoon the Freshman girls sent to the boys' dorm for a battalion of walking companions. The next day Diogenes came back to earth in the person of Oberholtzer. Quiet reigned on Tuesday. Rev. Mutch began on Wednesday to travel to classes on his bicycle. The Philokosmians held an interesting social Thursday night. The team had to admit defeat in a hard-fought game with the strong Muhlenburg eleven on Saturday.

Renn, in a new pair of spectacles, was mistaken for the Jonestown pastor on Sunday. Monday showed signs of rain; and it came down all day Tuesday. The Sophomore and Freshman boys got wet some more Wednesday afternoon by pulling each other thru the Quittie. The Sophs won the final tug on land. Prof. Sheldon broke up a mass meeting in chapel Thursday evening, and forced the enthusiastic rooters to repair to the gym. Coach followed up the meeting with a speech in chapel the next morning. And on the day following we played Susquehanna A. A., at Lebanon, and held them to a 0-0 score.

The girls became naughty on Sunday and stayed away from church. Monday night the Nocturnal Band took Horine out so that he might proclaim his affection for Miss Barto. Everybody was at the station Wednesday to give the boys a "send-off" for the West Virginia trip. The I. P. A. representatives were here Thursday. The chemistry laboratory nearly blew up the same day. The first Star Course number in the person of Strickland Gilliland, the humorist was given Saturday night.

What a shame that it rained Sunday afternoon! O worse shame was it that Prof. Martin had to reprove the girls in chapel Monday morning for "cussin" too much. The next day we had our Roosevelt Memorial exercises with Prof. Shenk as the speaker. Renn got ambitious on Wednesday and decided to learn his lines for the Junior play. Clio initiated its new members Thursday night. And that was the end of October.

November 1919

Philo opened this month with a Halloween party. Sunday afternoon the Freshman boys promenaded in grand fashion with the girls. Lester Williard, the class president, had gone around with a paper and arranged the dates. Blue Monday—rain all day. And yet more heavily outpourings on Tuesday. Miss Schmauk, locked out while the students were locked inside the class-room, taught French thru the key hole on Wednesday. Thursday we all got ravenously hungry; and the next day, those of us who lived not so far away went home for a good meal.

The girls were naughty again on Sunday and didn't go to Sunday School. Shame on you, girls! After we had gotten up a petition for a holiday for the 11th in a mass meeting Monday night, we finally succeeded in obtaining a half holiday. So we celebrated a little on Tuesday afternoon. Another mass meeting was held Wednesday to get "pep" for the coming Albright game. The Glenn-Burbeck apartments, South Hall were the scene of a big feed, Thursday night at 11:00. Friday we had our final mass meeting. The Y. W. and Y. M. gave a successful entertainment that night.

Victory! We won the Albright game Saturday with a score of 48 to 0. We held our ecstasy in abeyance over Sunday; but on Monday we got a holiday, and buried Albright with fitting funeral exercises. Tuesday was quiet. A good many students journeyed to Lebanon Wednesday to have their pictures taken for the Quittie, and nearly got into a fight with a crowd of Albright students at the photographer's studio. We were all keyed with expectancy on Thursday and Friday for the Clio Anniversary. And it fulfilled our highest expectations. Many of the guests stopped over Sunday to see the movies in chapel.

Wasn't that a fine Thanksgiving service Sunday 6:00 A. M.? There wasn't much doing now for the remainder of the month for we were all getting ready to go home for the Thanksgiving vacation. That is, all but a few, who decided to stay in spite of threats of neither heat nor eats. But we stayed and we got both of them after all. That's the way that November passed into history.

December 1919

December was here at last! Soon it would be time for the long-looked-for Christmas vacation!

This was the month of chapel speakers, especially the first week. Dr. Colman came here the very first day of the month and began series of lectures on social and ethical topics. He stayed around till Thursday giving the lectures in the meantime.

The Scientific Society, recently founded, held a meeting Tuesday evening the 2nd. We were all looking forward to the second number of the Star Course, namely the Stallings Trio that was to appear Saturday night. And we were more than delighted with them. The Chautauqua which had been in town the latter part of the week occupied the chapel the fore part of the evening.

On Monday 8th, the Sophomore and Freshman football teams met in mortal combat. After a hard fight, the Sophomores were proclaimed victors with a score of 7 to 0. The following night the college football squad spent in banquet. How they did eat, now that training was over!

Wednesday evening saw the opening of the basketball season when our team conquered over the Lebanon Y. M. C. A. quintette. The score was 46-38. The Crucible, our new college periodical, came out on Thursday 11th under its newly-selected name for the first time. "Stummy" was the one who had selected the right name and gotten the prize.

From now on till the 20th, there was little excitement. We were all getting ready for the Christmas holidays. And at last they came. And after the joyful day was over, a few of our number who had been selected by the rest of us as our representatives, journeyed out to Des Moines, Iowa to attend the International Convention of the Student Volunteers. The convention was held from December 31 to January 4. Those who represented L. V. were "Ted" Hastings, Myrtle Lefever, and Mary Bortner.

DEPENDABLE SERVICE

Lebanon, Pa.

January 1920

No sooner had we gotten back, but the revival in the church was started, to help us strengthen our good resolutions, evidently. Prof. Shroyer began the new year with an exam in Greek; and Virginia Gilpin passed around the candy, especially to Prof.

The Freshmen opened up the year with a banquet Monday night (5th) at the Penn Harris. The Sophs sent a telegram of congratulations and then got busy and had a little party themselves. Thruout the first week much skating was in evidence. On Thursday, 8th, the Juniors defeated the Seniors in basketball, 15 to 11. The girls' Varsity beat Myerstown H. S. girls, 13 to 10.

Sunday afternoon the 11th, "Ted" and Myrtle wrote notes to each other in the parlor. Take heed, ye aspirants! That afternoon Rev. Runk held a meeting for men in the church; and nearly all our boys were there. The next day the gym classes began. ONE! TWO! THREE! FOUR! Thursday evening we met the Juniata five and sent them away defeated. The score was 35-30. Friday night the boys of the Glee Club had a birthday surprise party for Prof. Sheldon. Mr. Chiakazeaka, the African, came Saturday and gave us a fine illustrated lecture in the evening. Too bad that he had to hurry so as to give way to another chapel affair. Fishburn went to see Marion the same evening and powdered his face three times.

Sunday was Decision Day at Sunday School. There was also another men's meeting. And we all went to the revival services in the evening—to the extent of Sculley and Harvey. On Monday came a big snowfall that was destined to lie for many a day. In the evening the Freshmen trimmed their cousins over in the gym with a score of 32 to 25.

But wasn't that a great game in the Lebanon Y. M. C. A. Wednesday 21st, with the U. of P. team. Best of all—we beat them, 26 to 23. The following Friday 23rd, the Glee Club gave its first concert in Hummelstown, the abiding place of its violinist, Chas. D. Hoerner.

The climax of the month was the last week, namely, exams. How we did cram, **cram**. **CRAM!** And Margaret Wier tried to put a finish to it all by running away on Saturday 31st. But thanks to the efforts of the North Hall girls and "Ted," she was prevailed upon perforce to remain with us. So came January to a close.

February 1920

With this month began the second semester. All kinds of resolutions to study were floating around here for a while. And with the second semester came a new waiter on the force in the person of "Scuttie," the "dancing waiter" from Boston or thereabouts.

"Birdie" Renn gave the impetus to February by selecting a nice little inhabitant of North Hall and going for a walk on Sunday 1st. Whether this most unexpected action of his was the cause of the wonderful snowfall that came the first week of this month we cannot say.

The Seniors managed to work their way to victory in a game with the Sophs Thursday 5th. Some of the Junior stage stars got sick and held up the Junior play which was to have taken place Friday 6th.

The snow began to melt a little the second week and made us walk around here in slush for several days. An Monday 9th the Sophs trimmed the Juniors to the tune of 41 to 17. Strme got gay in the dining hall Wednesday 11th, and let some plates fall with a crash that made us even hesitate in the act of swallowing. And on Thursday eve the '23 quintette had to admit defeat again, this time at the hands of the Seniors. The older boys won by only one point, however—22 to 21.

The Glee Club went on its first trip the 16th, 17th, and 18th to Green-Castle, Chambersburg, and Waynesboro. Many things happened to these gleeful lads. If you would know, ask any of them. The annual Sophomore—Freshman basketball tussle was staged Thursday evening. The Freshmen easily "carried off the bacon" with a score of 45 to 25. The next night, the 20th, the Juniors gave their play at last. It was a roaring success after all the trouble and worry and what not. Many sighs of relief could be heard coming from several Juniors.

Our varsity quintette slipped down to Myerstown Saturday night 21st, and carried back a victory from Albright—28 to 24. The Glee Club started off on a long trip Wednesday 25th for Dallastown, York, Harrisburg, Millersburg, Shamokin, Mahanoy City, and Minersville. To relate all that happened to them is beyond the scope of this book.

From here the story will be continued in the next Quittie, published by the class of 1922. May the best of success attend their efforts.

Entering the World Electrical

THE graduate of today enters a world electrical.

Gathered from the distant waterfalls or generated by the steam turbine, electric power is transmitted to the busiest city or the smallest country place.

Through the co-ordination of inventive genius with engineering and manufacturing resources, the General Electric Company has fastened and developed to a high state of perfection these and numerous other applications.

And so electricity, scarcely older than the graduate of today, appears in a practical, well developed service on every hand.

Recognize its power, study its applications to your life's work, and utilize it to the utmost for the benefit of all mankind.
